

Dear Marsha,

Re: Elle Condo – Suite 1008

As a result of some adjustments that have been made to the location and configuration of the building mechanical systems at elle, Amacon has had to make some minor modifications to the internal configuration of your new home.

Happily, we have taken this opportunity to enhance the home you have recently purchased by adding a den adjacent to your suite entry and thereby increasing the total size of your home to 870 sf (815 sf +55 sf balcony) – all at no additional cost to you.

A member of our sales team will be calling you soon, to make an appointment to meet with you to go over the modifications to your home, and answer any questions you might have and to provide you with a new Schedule.

We thank you in advance for your co-operation and understanding.

Regards,
