August 5, 2009

To Whom It May Concern:

This is in regards the kitchen granite counter top in suite 1509 at the Eve Condo. The home owner has a concern regarding a dark shading area within the stone. Granite is a natural stone products which may differ in colour, shading, veining and texture. The area of concern is a natural vein or fissure in the stone which is visible throughout the top. Material is of 1<sup>st</sup> quality and there is defects within this stone top.

There will be no further action taken by Mega City Tiling at this time. If there are any comments and/or questions, please call.

Regards,  
Anthony Marano
