Findings of Claim Inspection

Enclosed is a copy of the *Warranty Assessment Report* documenting Tarion's findings from our recent inspection. The Report outlines which items are covered by warranty ("warranted items") under the *Ontario New Home Warranties Plan Act* and which items are not covered by the statutory warranty. Please be sure to read the Report carefully.

The items included in this report have been resolved to Tarion's satisfaction. We now consider this matter closed and do not require that your builder take any further action.

You may also wish to visit our website to consult the *Construction Performance Guidelines*. The Guidelines describe many of the most commonly reported warranty items and indicate which are covered by warranty under the *Ontario New Home Warranties Plan Act*.
