I Luigi Belsito from unit 1809 I've been complening, since I moved in the end of july 2009, about strong fumes, or something tossic, because gives me a strong headache, itchy eyes, blocked nose, sore throat, upset stomach, and I've to go out of the unit, last night was one of those nights.

So far nothing has been done to rectify the problem, hope an investigation will solve the problem soon.
