Re: Work to be completed

Dear Victor,

As per our agreement letter which was dated Monday, February 13 2012, Amacon agreed to fix the following issues:

1. **Study Closet:** Floor is not level due to weight on the book case; slider comes off track.
2. **Vent in Study:** Stain under vent.
3. **Tile in main bath behind the toilet:** Caulking is poorly finished.
4. **Floor outside bathroom door:** Crack on floor board.

Enclosed with this letter are the pictures which were taken after the repairs for your own records. These repairs took place on **Thursday March 8, 2012** for items #1 to 4; in addition, the gapping at the quarter round at the entry way was completed as a courtesy.

If you agree that the repairs were completed on the date stated above, please provide your signature and date below. Please return a signed copy of this letter at your earliest convenience.

Thank you for being very patient during this process, it was greatly appreciated.
