Equifax Credit Report and Score TM as of 03/28/2017

Name: Carlton Jackson

Confirmation Number: 4659650457

Credit Score Summary

782 | Excellent

Where You Stand

The Equifax Credit ScoreTM ranges from 300-900. Higher scores are viewed more favorably. Your Equifax credit score is calculated from the information in your Equifax Credit Report. Most lenders would consider your score excellent. Based on this score, you should be able to qualify for some of the lowest interest rates available and a wide variety of competitive credit offers should be available to you.

Range
Canada Population

What's Impacting Your Score

Below are the aspects of your credit profile and history that are important to your Equifax credit score. They are listed in order of impact to your score - the first has the largest impact, and the last has the least

- Percentage of revolving trades opened within the last 2 years to total trades
- Average age of national card trades.
- Total number of national credit cards inquiries.

Your Loan Risk Rating

782 | Excellent

Your credit score of 782 is better than 58% of Canadian consumers.

The Equifax Credit Score TM ranges from 300-900. Higher scores are viewed more favorably.

The Bottom Line :

Lenders consider many factors in addition to your score when making credit decisions. However, most lenders would consider you to be a very low risk. You may qualify for a variety of loan and credit offers at some of the lowest interest rates available. If you're in the market for credit, this is what you might expect:

- You may be able to obtain high credit limits on your credit cards
- Many lenders may offer you their most attractive interest rates and offers.

Delinquency Rates*

55%
33%

Many lenders may offer you special incentives and rewards that are geared to their most valuable customers.

It is important to understand that your credit score is not the only factor that lenders evaluate when making credit decisions. Different lenders set their own policies and tolerance for risk, and may consider other elements, such as your income, when analyzing your creditworthiness for a particular loan.

* Delinquency Rate is defined as the percentage of borrowers who reach 90 days past due or worse (such as bankruptcy or account charge-off) on any credit account over a two year period.
