# Equifax Credit Report and Score™ as of 05/18/2017

Name: Rakan Khalid

Confirmation Number: 3491164756

## Credit Score Summary

691

Good

### Where You Stand

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably. Your Equifax credit score is calculated from the information in your Equifax Credit Report. Most lenders would consider your score good. Based on this score, you should be able to qualify for credit with average interest rates and offers.

## What's Impacting Your Score

Below are the aspects of your credit profile and history that are important to your Equifax credit score. They are listed in order of impact to your score - the first has the largest impact, and the last has the least.

- Number of telco inquiries in the last 12 months.
- Number of trades 60 days in last 12 months.
- Number at department store trades 90-120 days in last 12 months.

## Your Loan Risk Rating

691

Good

Your credit score of 691 is better than 21% of Canadian consumers.

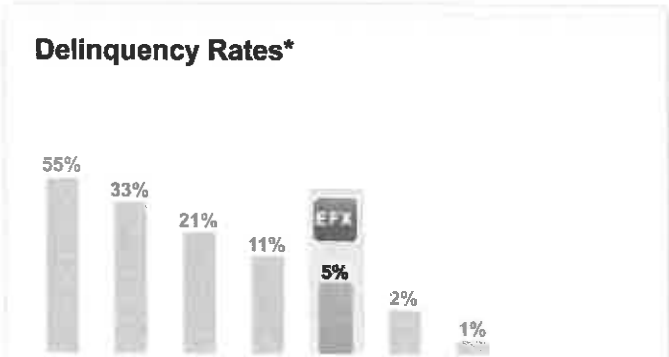

The Equifax Credit Score™ ranges from 300-900. Higher scores are viewed more favorably.

### The Bottom Line :

Lenders consider many factors in addition to your score when making credit decisions. However, most lenders would consider you to be a moderate risk. You may not qualify for credit with all lenders. When you do qualify for credit, you may pay higher interest rates and be subject to more restrictive loan terms than those with higher scores. If you're in the market for credit, this is what you might expect:

- You may not qualify for high credit limits on your credit card.
- You are likely to pay higher interest rates on all types of loans than those with higher scores.
- The loan terms you receive may be somewhat restrictive.

It is important to understand that your credit score is not the only

Credit Information

This section contains information on each account that you've opened in the past. It is retained in our database for not more than 6 years from the date of last activity.

An installment loan is a fixed-payment loan in which the monthly payment does not change from month to month. Examples of such loans are a car loan or a student loan. Mortgage information may appear in your credit report, but is not used to calculate your credit score. A revolving loan is a loan in which the balance or amount owed changes from month to month, such as a credit card.

### RATE INFORMATION

- For fixed-rate mortgage loans, your quoted rate is guaranteed not to increase provided the mortgage loan amount is fully advanced on or before the Expiry Date of this Certificate. Your interest rate will be determined on the date funds are advanced and you will receive the lower of the interest rate indicated on this Certificate and the interest rate posted for the selected mortgage loan type and term on the date funds are advanced. Interest is calculated semi-annually, not in advance.
- For variable-rate mortgage loans, interest rates are based upon CIBC Prime Rate which fluctuates from time to time and, therefore, there are no rate guarantees for variable rate mortgage loans. The interest rates indicated on this Certificate simply represent the rates based upon CIBC Prime Rate in effect as at the date of the Certificate and are subject to change. Interest for variable rate mortgages is calculated daily using a simple interest formula (which is the same as calculated yearly), not in advance.
