Draft an amendment.

Use the suite order change

Use the following wording:

The vendor agrees to supply and install quartz countertop in the kitchen in lieu of the granite countertop at no additional cost as per vendors samples.

Look at the previous amendment to ensure that you have the proper paragraph numbering

Thank you

We don't have to draft any amendment for that right? I will just print this email.

I don't remember approving this since at the time we did not know what countertop options we would offer at Decor time

Go ahead and give it to her because we made her wait and for the floor plan change inconvenience.

Stephanie,

The purchaser that was mutually released from 722 and purchased 726 due to the floorplan change just had her colour selection appointment. When we were negotiating her making the move to another unit she requested that she get quartz countertop and not granite – fee of charge. For some reason I cannot find your email that you approved this. perhaps this was only verbal on the phone.

I'm hoping that I can get your approval for this so that I can pass it along to Mariana.

Thank you
