Subject: Avia2 # 205 - Incorrect phone # & email on APS

Hello Andrea,

The purchaser's provided two phone numbers and two emails on their worksheet. It turns out that the phone number and email that appear on the APS are not the ones they want on there....they want us to change them to the second ones they provided.

They would like to still keep both on file, though.

Please delete what is currently on the Agreement and insert the following:

Please let me know when the amendment has been sent through docusign so that I can inform them.

Thank you!

Anita
