RATE INFORMATION

For fixed-rate mortgages, your quoted rate is guaranteed not to increase provided the mortgage amount is fully advanced on or before the Expiry Date of this Certificate. Your interest rate will be determined on the date funds are advanced and you will receive the lower of the interest rate indicated on this Certificate and the interest rate posted for the selected mortgage type and term on the date funds are advanced. Interest is calculated semi-annually, not in advance.

For variable-rate mortgages, interest rates are based upon CIBC Prime Rate which fluctuates from time to time and, therefore, there are no rate guarantees for variable rate mortgages. The interest rates indicated on this Certificate simply represent the rates based upon CIBC Prime Rate in effect as at the date of the Certificate and are subject to change. Interest for variable rate mortgages is calculated daily using a simple interest formula (which is the same as calculated yearly), not in advance.
