Product Description

- Preserva Food Care System features 2 independent cooling systems, so fresh and frozen foods stay at their optimal temperature
- 2-tier freezer drawer with storage dividers allows you to organize frozen items on 2 levels, making them easier to access
- Professionally-inspired design - a bold blend of professionally-inspired styling and sleek touches for the home - this refrigerator features satin textured handles with iconic KitchenAid brand medallions and a beautiful chrome frame
- Adjustable, spill-proof glass shelves with metallic trim are designed to contain spills, so cleanup is easy, and the slide-away split shelf accommodates tall items, like a pitcher of tea
- Electronic temperature-controlled pantry optimizes freshness for specialized items by providing precise settings for meats, deli items, party platters and wine
- Metallic accents on shelf trim provide a touch of elegance and complement the high gloss interior finish of the refrigerator
- Measured water-fill function can be programmed to pour a specific amount, so food preparation is faster and easier
- Slide-away split shelf helps maximize the storage space and optimize the organization of your refrigerator
- Sabbath mode provides a way to disable the lights, sounds and ice maker while preserving the temperature, so your food does not spoil during vacation or religious observances

Product Description

- ProWash™ Cycle - determines the ideal cycle for washing dishes based on soil level and then makes real-time adjustments to achieve the best cleaning performance
- Durable stainless steel construction provides quality craftsmanship combined with the beauty of stainless steel to help withstand the test of time - it resists streaks, stains, and odors while retaining heat to help improve drying performance
- Professionally - inspired design combines a bold blend of professionally-inspired styling with sleek touches for the home -this beautiful dishwasher features satin textured handles and the KitchenAid Badge, a symbol of uncompromised quality
- Heat dry option engages a recessed heating element during the dry cycle to ensure dry dishes
- Fold-down tines in the lower rack can be adjusted in one of three positions so water can clean inside deep or wide dishes
- Filter-based wash system provides exceptionally quiet and efficient wash performance with stainless steel wash arms that optimize water pressure to key areas of the dishwasher
- Sani Rinse® option heats the final rinse water to 155°F, eliminating 99.999% of food soil bacteria
- Express Wash cycle quickly and effortlessly handles the heaviest soils, even stubborn baked and seared-on messes in less time
- Designed to meet the needs of Kosher and Sabbath observant - once a dishwasher cycle is complete, and after the door has been opened and shut once, it can continue to be opened and closed without lights, icons, displays or tones being activated

Perfect for what we need

The dishwasher runs as expected and is perfect for what we need. We did run into a bit of a problem upon installation. We had the unit delivered and my husband was going to install it. We quickly discovered that the bottom metal rail was bent and it prevented it from fitting in the opening between the cabinets. This resulted us in having to load it into the truck ourselves, drive it to the place where we bought it and exchange it. We weren't sure if the damage was due lack of QC on the manufacturer's part or if the item was damaged during shipping and receiving at the store. We were given a replacement and the second one installed just fine. [This review was collected as part of a promotion.]

☑ Yes, I recommend this product.

Sleek and Quiet

This was rated a top model along with Bosch. I chose this for being made in the USA and also because it holds more dishes. It's very quiet compared to the Maytag we replaced. We have had it for about a week now. Have run it about a dozen times and cleans great. Love the hidden controls. Only complaint I have is the cycle time, but I have been told to be more energy efficient they run longer cause the water temperature isn't as hot as it use to be. Don't understand how that works. All higher end energy star dishwashers are like that. Besides that great machine. Would of given it 5 stars but seeing as it's only a week old, I held one back. [This review was collected as part of a promotion.]

☑ Yes, I recommend this product.

KitchenAid Originally posted on kitchenaid.com

votes u	dishwasher...well they were right. I bought the dishwasher 3 weeks ago and sure enough, there is a strange smell coming from the dishwasher. I checked the filter and it is clean as a whistle, which is no surprise because we thoroughly rinse our dishes before we put them in the dishwasher and use rinseaid. It is a strange smell and I don't know how to get rid of it. Maybe someone has a recommendation. So sorry we didn't buy the Bosch.	
	<div><div></div><div>No, I do not recommend this product.</div></div> <div><div>KitchenAid</div><div>Originally posted on kitchenaid.com</div></div>	
Just plain Bill Berryville, VA Review 1 Votes 0	<div><div>★★★★★</div><div>2 years ago</div></div> <div>Passes the important test - it cleans!</div> <div>Had to replace a dishwasher (another brand) that had worn out. Was not looking forward to a new appliance, but because of very successful experience with KitchenAid appliances years ago - including a dishwasher - I had hoped I could purchase a new one of that brand. Was able to do so - and at a very good sale price - with rebate also! But the greatest surprise is that it is the best I have ever seen as far as cleaning the dishes! This is the real test of a dishwasher! That it is unbelievably quiet and easy to use are "icing on the cake!" The position of controls is wonderfully convenient - no bending over required. I am completely satisfied with it!</div> <div><div></div><div>Yes, I recommend this product.</div></div> <div><div>KitchenAid</div><div>Originally posted on kitchenaid.com</div></div>	
Deb Boise, Idaho Review 1 Votes 0	<div><div>★★★★★</div><div>8 months ago</div></div> <div>Best ever!</div> <div>I haven't had a dishwasher for several years, so when I wen to buy one, I thought it would be hard to decide. But it wasn't. The minute I saw the KitchenAid dishwasher i wanted it over the others. But what really sold me was after it was installed & I actually used it. I had no idea a dishwasher could be so quiet!!! And it does an excellent job of getting the dishes clean. I love the features of multiple setting choices, and the stainless finish looks so good oin the kitchen! I even love the look of the inside, with the silver tones. It looks beautiful, works great, & is super quiet! What more could one want? I love this dishwasher! [This review was collected as part of a promotion.]</div> <div><div></div><div>Yes, I recommend this product.</div></div> <div><div>KitchenAid</div><div>Originally posted on kitchenaid.com</div></div>	
Bri Texas Review 1 Votes 0	<div><div>★★★★★</div><div>11 months ago</div></div> <div>Love!!!</div> <div>We are extremely happy with this purchase! We replaced a six year old Whirlpool dishwasher. The dishwasher was loud and the front control panel would lift off of the front of the machine when we opened the dishwasher for the past six months. None of that nonsense with this beautiful and efficient machine! We can not hear the dishwasher once it starts. Our kitchen is near our living room and the dishwasher does not interfere with television viewing. Our dishes come out sparkling clean and the racks are deep enough to accommodate large pots. We will definitely consider purchasing a Kitchen Aid dove and refrigerator in the near future! [This review was collected as part of a promotion.]</div> <div><div></div><div>Yes, I recommend this product.</div></div> <div><div>KitchenAid</div><div>Originally posted on kitchenaid.com</div></div>	
Joyce	<div><div>★★★★★</div><div>11 months ago</div></div> <div>Best diswasher I've ever owned</div>	

and even gets the most heavily-loaded basket of silverware shiny clean and completely dry! [This review was collected as part of a promotion.]

☒ Yes, I recommend this product.

Super quiet and can handle anything

Bought this to replace a 17 year Maytag. Other reviews mentioned how quiet this machine was and wow. It is ridiculously quiet. We use to run our old dishwasher after we went to sleep because it was distracting while watching tv but we run this one anytime we need to. When it comes to cleaning we are very happy with it's performance. We have been putting dishes that our old machine would never had gotten clean and they come out perfect in this machine. Every time we put something in there that has baked on food we say to each other "Well it can't clean this dish without leaving some old food on it" but the dish comes out spotless. We love this dishwasher. [This review was collected as part of a promotion.]

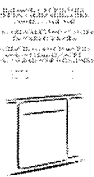

☒ Yes, I recommend this product.
