Grading Notes: It shall be the responsibility of the builder to have all grades and services verified and checked before construction by an approved grading engineer. These grades and the placement of storm and sanitary services off the street are to meet the requirements of the municipality having jurisdiction.

VAJ Design Inc. is to be notified promptly of any discrepancies at least 1 (one) week prior to excavation commences in order that the building can be re-sited. Failure to observe these conditions may require expensive remedial action that will not be the responsibility of or cost to VAJ Design Inc. Foundation wall shall be poured to a minimum of 6" above approved grades.

Finished grade lines as indicated on the house prototype are for reference only and do not necessarily depict finish grading conditions of any particular lot.
