

The **BRICK.***Lot 8***KitchenAid****KITCHENAID 36" 6-BURNER COMMERCIAL-STYLE GAS RANGE TOP -  
KCGC506JSS****\$ 3,799.95**

SKU: KCGC506S

VSN: KCGC506JSS

**Dimensions**

Width: 35.75" (90.8 cm) Height: 7.44" (18.9 cm) Depth: 27.88" (70.8 cm)

Unleash your creativity with the precision and power of this 36-inch six-burner range top by KitchenAid. Successfully sear, stir-fry and sauté with two 20,000 BTU Ultra Power™ dual-flame burners. Plus, you can also master a velvety simmering sauce with a 5,000 BTU burner. Dishwasher-safe cast-iron grates provide a sturdy, durable base for your large and heavy cookware, plus removable inserts can be adjusted to match the heat to your technique. Never miss a beat with Flame-Sensing™ re-ignition - if the flame accidentally blows out, a spark will automatically re-ignite the burner.

**Unique Features**

## Unique Features

### Two 20,000 BTU Ultra Power Dual-Flame Burners:

Get precise control of powerful highs, steady lows and the wide range of temperatures in between. The versatile, dual-flame design lets you sear, sauté, simmer and sizzle, all on the same burner.

### 5,000 BTU Simmer and Melt Burner:

A low flame sized for small saucepans lets you reach and maintain low temperatures. Simmer sauces until they look, feel and taste just right and melt the most delicate ingredients.

### Three 15,000 BTU Burners:

Use these burners to deliver the high heat you need for successful everyday searing, sautéing, stir-frying and quickly bringing large stock pots to a rolling boil.

### Three-Level Convertible Grates:

Removable inserts allow for versatile cooking options – leave the insert level for high-heat searing and sautéing, flip it over to lift your pan above the flame to simmer and melt, or remove it to nestle a round-bottom wok in the flame for stir-fry.

## LG 24" TOP-CONTROL BUILT-IN DISHWASHER WITH WI-FI - LDP6810SS

**\$ 1,199.95**

SKU: LDP6810S

VSN: LDP6810SS

### Dimensions

Width: 23.75" (60.3 cm) Height: 33.6" (85.3 cm) Depth: 24.6" (62.5 cm)

This feature-packed LG dishwasher stands above the rest. TrueSteam technology virtually eliminates the need to pre-wash – the built-in steam generator is gentle enough for fragile items like stemware, yet can also be used for heavy-duty cleaning on pots and pans. The EasyRack™ Plus introduces ultimate loading flexibility, and a handy third rack gives you more space to fit everything from long flatware to larger cooking utensils. You can even receive cycle status notifications on your device, or check progress without lifting a finger using your favourite voice assistant.

### Unique Features

## Unique Features

### Steam Wash, Don't Pre-Wash:

LG's TrueSteam technology offers maximum steam coverage so you can say goodbye to water spots and hello to dazzlingly clean dishes.

### QuadWash System®:

LG's exclusive technology gets dishware spotless the first time. While standard washers only have two, this model features four multi-motion spray arms to blast away food residue from every angle.

### EasyRack Plus and 3rd Rack:

The newly-enhanced EasyRack Plus system provides outstanding flexibility and convenience, easily adjusted to just about any load of dishes to help ensure optimal cleaning performance. Plus, a third rack provides a space for cutlery, serving spoons, spatulas, tongs and more.

### Dynamic Dry™:

No towel needed here – this technology delivers faster, more complete drying for ready-to-use dishes right from the machine.

### ThinQ® Technology:

LG smart dishwashers come with ThinQ technology built in, so you can get smartphone notifications when a cycle is complete. That means less waiting and more time to yourself. Or, check on the cycle status with spoken commands using a voice assistant.

### LoDecibel™ Operation:

Now you can run the dishwasher whenever you want – day or night. The 44 dB cycle is whisper-quiet, so you won't have to worry about interrupting post-dinner-party conversations or naptime.

### Dual Zone Wash:

Gently clean your delicate dishes while power-washing heavy-duty pots and pans with Dual Zone Wash. This option allows you to vary the spray intensity in the upper and lower racks, so each dish gets the power it needs for a pristine clean.

### Smooth Operator:

Even the heaviest loads glide in and out smoothly with the help of LG's Glide Rail.

**The BRICK.****KitchenAid****KITCHENAID 36" WALL-MOUNT 3-SPEED CANOPY HOOD****\$ 1,599.95**

SKU: KVWB606DS

VSN: KVWB606DSS

**Dimensions**

Width: 36" (91.4 cm) Height: 38" (96.5 cm) Depth: 20" (50.8 cm)

Fresh air is your friend when you use this KitchenAid wall-mount canopy hood. Keep grease, steam and odours out of the air while you're cooking with three different fan speeds. Commercial-style filters help keep your kitchen clean and can be easily washed by running them through the dishwasher. Light up your workspace with the LED task lights while the auto speed setting keeps ventilation hands-free by adjusting fan speed based on the heat being produced.

**Unique Features**

## Unique Features

### Three-Speed Electronic Glass Touch Control with Boost Function:

Choose from three different speeds to meet your ventilation needs and enjoy the sleek look of the glass touch display. Boost enhances performance when using high-temperature cooking techniques by providing a timed, short burst of high-speed ventilation to effectively filter grease, steam and odours from the air.

### Auto Speed Setting:

Take the guesswork out of protecting cabinets from steam, grease and moisture. The hood will automatically adjust fan speed to ventilation needs depending on the heat being produced.

### Perimeter Ventilation:

Perimeter ventilation increases the system efficiency by pulling air from the edges of the hood and speeding up the movement of air at the centre. This allows the fan to efficiently handle up to 65K BTU total output.

### LED Task Lights:

Light up your cooking surface with these bright, LED lights.

### Dishwasher-Safe Commercial-Style Baffle Filters:

Filters help prevent steam, grease and odours from coming into contact with ceilings and countertops. Pop these filters into your dishwasher for easy cleaning.

## LG 5.8 CU. FT. SMART FRONT-LOAD WASHER AND 7.4 CU. FT. ELECTRIC DRYER

# \$ 2,798.95

SKU: LGFL4500

VSN: WM4500HB/DLEX4500

Count on this LG washer and dryer pair to achieve a thorough clean while protecting your clothing. TurboWash 360 technology offers wash cycles designed to keep up with your busy life thanks to powerful high-pressure twin nozzles. Then, the front-load dryer's built-in AI technology takes the guesswork out of dry time by automatically selecting optimal temperature and time for each load. Finally, TurboSteam™ keeps your garments fresh and in tip-top shape by providing excellent clothing care using faster, stronger and more steam.

## LG 5.8 Cu. Ft. Smart Mega Capacity Front-Load Washer- WM4500HBA

<https://www.thebrick.com/products/lg-5-8-cu-ft-smart-front-load-washer-and-7-4-cu-ft-electric-dryer?view=print>

Width: 27" (68.6 cm) Height: 39" (99.1 cm) Depth: 33.25" (84.5 cm)

### Unique Features

#### Built-In Intelligence Takes Out the Guesswork:

LG's innovative new technology determines the weight and fabric softness of each new load to select the optimal wash pattern, improving wash performance and extending the life of your clothes.

#### Fast Forward Your Laundry:

LG's revolutionary TurboWash 360 technology offers cycles designed to keep up with your busy life. The powerful high-pressure twin nozzles give outstanding cleaning performance without any shortcuts.

#### Automatically Dispense the Optimal Detergent:

ezDispense™ automatically determines and dispenses the optimal detergent amount for your cycle based on the weight of your load, preventing overuse while maximizing your wash performance.

#### Deep Clean with Steam:

LG's Steam™ technology gently but powerfully penetrates fabrics to virtually eliminate dirt, odours and wrinkles.

#### The Allergiene™ Cycle:

The Allergiene cycle uses the intense power of steam to gently remove over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics.

**LG 7.4 Cu. Ft. ThinQ® AI-Enabled Front-Load Electric Dryer - DLEX4500B**

Width: 27" (68.6 cm) Height: 38.69" (98.3 cm) Depth: 29.75" (75.6 cm)

**Unique Features**

## Unique Features

### Built-in Wi-Fi Intelligence:

It's no longer necessary to guess dry time –the AI technology selects optimal dry settings so you don't have to.

### TurboSteam:

Enjoy advanced care for your favourite clothes with faster steam generation, stronger spray power and higher steam volume.

### SteamFresh™ Cycle:

Reduce wrinkles and odours faster. You can get your favourite shirt back in perfect shape in 10 minutes with up to five garments.

### ReduceStatic Option:

This option utilizes heat and steam to help minimize static electricity.

### Ultra-Large Capacity:

This mega-capacity dryer allows room to dry more clothes in fewer loads.

### Flow Sense™:

This feature detects and alerts you to blockages in the ductwork that reduce exhaust flow from the dryer so you can keep using your new appliance safely and efficiently.

### Sensor Dry:

This system measures the moisture level during the cycle and automatically optimizes drying time.
