Re: Lot # 31L
DEC 8, 2016

This is to acknowledge that as the purchaser of the above noted lot, I have asked Gold Park Homes not to install the standard builder's kitchen exhaust hood, as I will be installing my own unit after closing.

A handwritten signature in dark ink, appearing to be "J. M. [unclear]", is written over a horizontal line.

Purchaser

A solid horizontal line intended for a signature.

INFORMATION - PVC DOORS

Builder: Gold Park Homes Project: KLEINBURG GREEN Lot #: 31L

All cabinets with PVC (Thermofoil) Doors come with melamine gables, panels and kick. The doors, crown moulding and light valance are PVC wrapped. Open shelves incorporated in design will only be available with melamine interiors. There will be variations in colour shades between the PVC parts (doors, crown and Light valance) and the melamine parts (open shelves, Gables, Panels and Kick) due to the difference in material.

Furring Panel with crown moulding to the ceiling is not available on all PVC door styles due to subtle variations in colour shades between the PVC parts (moulding) and the melamine parts (furring panel) due to the difference in material. Grain directions in wood grain pattern melamine, vary between the furring panel, crown moulding (horizontal) and the PVC doors (vertical).

Thank you for your understanding.

I am well informed of this information, and agree to the purchase of the above.

Purchaser: J.C. M.M.

DARK STAIN INFORMATION

Builder GOLD PARK HOMES Project KLEINBURG GLEN Lot # 31L

Cortina Kitchens offers a wide variety of finishes, applied to oak and maple products. The subject finishes include the spray stains Cocoa, Espresso, Graphite as well as wiping stain **Ebony**.

Due to the very dark stains applied on natural maple and oak doors and joints, several characteristics are important to be noted when purchasing these products.

1. Shadow lines may be visible at the interior profile edges of a door or drawer front. If movement occurs shadow lines may increase or decrease, depending on the style and/or size of a door or drawer front.
2. Variation and unevenness may be visible in the finish.
3. Hairline cracks at the joints are created over time due to the nature of natural wood, caused by usage, humidity, or dryness. They tend to be more visible to darker stains, than lighter wood stains.

Please be advised that Cortina Kitchens will not replace doors nor parts that exhibit the above characteristics associated with this finish. These characteristics are not avoidable and are a result of the natural characteristics of wood and wood veneer, and the characteristics of darker stains on wood.

Thank you for your understanding.

I am well informed of this information, and agree to the purchase of any of the subject finishes listed above.

Overview Model # PCS940SFSS Store SKU # 1000788526

6.6 cu. ft. Slide-in Electric Self-Cleaning Convection Range in Stainless Steel

GE slide-in ranges offer a custom built-in-look by a simple slide-in installation within surrounding countertops and cabinets. This range features a Self-Cleaning oven, which delivers a high concentrated heat with the touch of a button that conveniently cleans the oven cavity and eliminates the need to scrub baked-on food and spills. The dual element bake alternates the upper broiling element and the lower baking element for even heating and optimal baking results. The exclusive Precise Air true European convection system uses an innovative fan that rotates one way, then reverses direction to allow heated air to circulate evenly around food. Plus, a third heating element surrounds the fan and delivers consistent heat for true European convection.

- Total oven capacity of 6.6 cu. ft. in a 30-inch space
- Extension gliding roller rack
- Bridge element
- Features bake / warm / storage drawer
- Self-cleaning function saves time and labour
- Smooth cooktop surface
