URBANTECH NOTES:

- 1) No final utility location information at this time. Urbantech will not be responsible for future changes to design. Builder should notify purchaser's that street hardware and above ground utility furniture may be added or removed from their frontages.
- 2) Builder to lower underside of footings where adjacent to RLCB leads. Exact depth to be determined on site during footing excavation.
- 3) Builder to stake out driveway curb depressions at time of curb installation.
- 4) Builder to verify location of all hydrants, street lights, transformers and all other services. If min. dimensions are not maintained as per City standards, builder is to relocate at his own expense.
- 5) Builder to confirm service connection elevations and review for absence of conflict prior to footing excavation.
- 6) Final fence design have not been provided at this time. Purchaser to be advised that actual fencing details may not be as shown on this plan.

URBANTECH CONSULTING

We certify that the proposed grades at the lot corners are correct, and that the lot grading of the subject lot is in conformity to the approved subdivision grading plans and City standards.
