It is the builder's complete responsibility to ensure that all plans submitted for approval fully comply with the Architectural Guidelines and all applicable regulations and requirements including zoning regulations and any conditions in the subdivision agreement. The Control Architect is not responsible in any way for assessing or approving site (lotting) plans or zoning district rules. It is the responsibility of the building code or permit office that the site/lot can be properly built or located on its lot.

This is to certify that these plans comply with the applicable Architectural Design Guidelines approved by the City of BRADSTON.
