2017/2018 Winter Season

Removal Pricing

Ground Floor Coverage

750 sq. ft. or less
751 to 1000 sq. ft.
1001 to 1250 sq. ft.
1251 to 1500 sq. ft.

each 250 sq.ft. increment

Basement Base

<u>Concrete</u>	<u>Gravel</u>	<u>Dirt</u>
-----------------	---------------	-------------

- Pricing above is based on ground floor coverage of stamped drawings. All other areas that have straw for example: cold cellar, walkups; shall be added as additional square footage.
- Straw used for the outside footings gets mixed in with the soil thus not allowing the machine the ability to vacuum the straw (to heavy). This straw is not part of the removal.
- Pricing is based on an industry standard amount of straw used in foundations. Overage of straw used for "Top-ups" and extreme cold weather conditions, are subject to additional charges.
- Pricing includes removal and disposal of straw from house units.

Requirements

- Basements must be clear of all other trades debris. Straw must not be frozen or saturated. Additional charges may apply for frozen/saturated straw.
- Truck sits on street and does not require rear access.

Payment Terms

- Net 14 days of invoice date. (14 day terms are set due to the short season of this industry which is approximately 3 to 4 months only)
