# Centre Disclaimers

Through years of doing business, we at Gold Park Homes have encountered issues beyond our control. The following disclaimers apply to all instances of Purchaser's Extras forms and all Interior Colour Scheme forms.

Fireplace Marble: Due to the many variables that can affect the pattern and/or design, frequently the marble installed on the fireplace will not be identical to the samples. We will make every attempt to come as close to the samples as possible, but cannot be responsible for results which differ from the samples. CERAMIC FLOOR TILE

Many variables including variegation can affect tile colour, pattern and/or design which mean installed tiles may not be identical to the samples. We will make every attempt to come as close as possible, but cannot be responsible for HARDWOOD FLOORING

The purchaser is advised that cupping and shrinkage are characteristics of hardwood flooring normally appearing after installation, especially when humidity levels are not regulated, and no warranty is provided by the flooring smaller with respect to such appoint and shrinkage. Furthermore, hardwood floors may also heave and floor who supplier with respect to such cupping and shrinkage. Furthermore, hardwood floors may also heave and warp when to install any hardwood flooring ordered by the purchaser in a good and workmanlike manner, but shall not be responsible for, and is hereby released by the purchaser in a good and workmanike manner, but snan not do heaving and walping of hardwood flooring in the above mentioned circumstances. STAIRCASE VS FLOORING

WOOD SPECIES DIFFERENCE

The purchaser is aware and therefore accepts and acknowledges that the wood species of the staircase and flooring chosen do not match. This difference might result in an undestrable colour variance

The purchaser is aware and therefore accepts and acknowledges that though the flooring is of the same species as the staircase the difference in product finishing may result in a stain colour variance.

The purchaser agrees that the vendor is to be exempt from any and all claims by the purchaser regarding this colour RAILINGS

All railings, pickets, posts, nosing's and stairs come from solid wood and veneered wood materials sourced from multiple locations and sources. As such there will be variations in grains and shades between the various natural Alt ratings, pickets, posts, nosing a and stairs come from some wood and veneered wood materials someon from multiple locations and sources. As such there will be variations in grains and shades between the various natural components beyond our control. Due to this variance in material, all components will stain with colour or natural

Iron pickets are wrought in nature and depending on the manufacturing process will have differences from picket to picket which is normal. Also the finish of the iron pickets is of a powder coated nature. This process can produce minor colour variations or lones. Furthermore, the assembly of the metal pickets can develop a natural rattle over time from vibration in the failing. Minor fatiling is normal and is a part of the wrought from picket assembly.

Variations in subcontractors across different sites and varying site conditions may result in house exteriors that differ from the artist renderings. We cannot be responsible for results which differ from the artists renderings of

# PLASTER MOULDINGS AND MEDALLIONS

Plaster mouldings will not be installed in open to above areas or areas with 2 storey elements.

Due to the many variables that can affect the outcome of a stain colour on wood, staircases, railings, and fireplaces, the colour may not be identical to samples. Factors such as density, age, humidity, air temperature, and the the colour may not be menucal to samples. Pactors aften as nemsity, age, minimity, air temperature, and the uniqueness of each piece of wood can result in wide variations in darkness or lightness. We will make every attempt to come as close to the sample as possible; but cannot be responsible for results which differ from the samples.

Stain on pre-finished hardwood floors will not be an exact match to the stain colours available on stairs, pickets and rails. The purchaser is responsible for choosing the stain on these areas to their satisfaction.

# IN-WALL CONDUIT FOR AUDIO/VIDEO CABLES

It is important to note that due to the variation in framing requirements in different parts of your home, conduit lengths and routing can vary. In virtually all instances of ground floor installation (Le. above a fireplace), conduit will first travel down into the basement below the floor joists, over to the termination point and back up into the main floor. As a result, it is best to measure the length of the conduit after occupancy with a "pull wire" before

purchasing your cables. For above-fireplace installations, the conduit wall plate will be installed approximately 10" above the Fireplace Mantle, unless otherwise specified in the Construction Summary. APPLIANCE SPECIFICATIONS

All appliance openings are set to builder's standard openings. Please advise Decor Centre at time of your structural appointment if custom sizing of cabinets is required for any built - in appliances. The purchaser is responsible for costs and fees associated with changes to pre-manufactured kitchens made subsequent to colour appointments.

Purchaser accepts & acknowledges that in order to accommodate upgraded appliances, all appliance specifications should be provided at the time of their structural appointment, should this not occur they must be provided to the Decor Center within one (1) week of completion of structural chart. Failure to do so may result in the need to revert Decor Center within one (1) week of completion of structural chart. Failure to do so may result in the need to revert to the standard appliance openings or in a delay in construction of your dwelling, as well as a cost of \$500 to re-open your structural file should changes be required. As a result we may be forced to extend the closing of your transaction. Due to failure to complete the above-mentioned selections and at no fault of our own, we reserve our the halance due on closing.

Purchasers Accept Standard Appliance Openings (unless otherwise specified): Fridge - 37-1/2"W x 73-1/2" High Approx.
Range - 30-1/2"D x 31-1/2"W Approx.

DELETION OF HOODFAN & CABINETS ABOVE STOVE:

The purchasers are aware that in requesting NOT TO INSTALL builder's standard hood fan and standard cabinets above stove they will receive NO STANDARD HOOD FAN and NO CREDIT. Purchasers are installing their own hood fan after closing and accept that it may waive any warranty associated with such a change.

Purchasers accept and acknowledge that the exhaust fan duct hole may be off-centered with the stove in the kitchen due to purchasers installing their own hood fan after closing. The vendor is exempt from adjusting such openings

# ELECTRICAL FOR APPLIANCES

Pricing is subject to change based on the appliance specifications provided. Purchasers should provide proper appliance specifications and cut-out sheets in order for Gold Park to price extras accordingly. KITCHEN CABINETS

The kitchen you order/purchase will undoubtedly contain slight colour variations. The degree of these variations is virtually impossible to determine before the kitchen is installed in its intended location. The amount of and type of lighting will also affect various highlights in the finish. Note: No two pieces of wood are identical. Variations in variations add to the natural beauty of a wood kitchen.

Charcoal is a spray stain applied to Cak and Maple products with several characteristics that are important to be aware of when purchasing this product.

- I. Shadow lines may be visible at the interior profile edges of a door or drawer front. If movement occurs shadow lines may increase or decrease, depending on the style and/or size of a door or drawer front: 2. Variation and unevenness may be visible in the finish.
- 3. Hairline cracks at the joints are created over time due to the nature of natural wood, caused by usage, humidity., or dryness. They tend to be more visible to darker stains, than lighter wood stains.

Relative humidity is recommended to be between 45% and 55%. Please refer to Cortina Kitchiens "Cleaning." Care, Maintenance, & Warranty Information" guide.

Please be advised that Cortina Kitchens will not replace doors and/or parts that exhibit the above characteristics associated with this finish. These characteristics are not avoidable and are a result of the natural characteristics of associated with this times. These characteristics are not avolution and the characteristics of darker stains on wood. The Charcoal stain is not available on

Cortina Kitchens offers a wide variety of finishes, applied to oak and maple products. The subject finishes include the spray stains Gocoa, Espresso, Graphite as well as wiping stain Ebony.
