

This architectural elevation drawing depicts a two-story residential building with a symmetrical facade. The structure features a gabled roof with a central dormer window. The exterior walls are rendered with a stone or brick pattern. On the left side, there is a large, multi-paned window. The central section includes a smaller window above a decorative pediment and a larger, arched window below it. To the right of the center is a small, arched window. The right side of the house features a prominent entrance door with a pediment, flanked by two windows. The overall style is traditional and detailed.

This architectural elevation drawing shows a two-story house with a gabled roof. On the left side, there is a chimney. The second floor features a large arched window in the center and a smaller arched window to the right. The first floor has a large rectangular window on the left and a two-car garage with double doors on the right. The house is depicted with a brick or stone texture and a small balcony on the left side.
