Surfaces

For a streamlined, contemporary feeling, our smooth surface doors feature the look of painted wood doors.

The deep, woodgrain appearance of our textured surfaces emulate the look of solid wood doors.

INTERIOR MOULDED & FLUSH DOORS

One of the first things to know about JELD-WEN Moulded interior doors is that they offer you the best of two worlds: style and substance. Not only can you choose the architectural style that works best with your home, but you can also choose between the classic look of wood in either a wood grain or smooth finish.

Second, you can be assured you'll get the durable performance of a JELD-WEN door. Because Moulded doors are such an excellent solution, they are the most popular type of interior door available today. What's more, JELD-WEN offers you the very best selection, and backs it with an industry-leading five year limited warranty.

PROCORE *the* QUIET DOOR

All our Moulded and Flush interior doors are available with ProCore The Quiet Door construction.

This solid core door offers superior sound reduction. This option helps prevent the dents and dings of daily life. Our 1-3/4" doors are also available with 20-, 45- and 60-minute fire ratings. For true fire protection and solid safety, these doors must be paired with certified frames and hardware.
