Product Description

Always have the space to whip up your favourite recipes with this beautiful five-burner gas cooktop from GE Café. Heavy cast iron grates are designed to last through years of searing and sautéing, plus they're easy to clean by simply placing them in the dishwasher. Five sealed burners offer versatile cooking options, from the 5,000 BTU precise simmer burner for the perfect homemade marinara, to the 20,000 BTU triple ring burner for spicy stir fry. Add some sparkle to your cooktop with white LED backlit knobs that are also customizable in colour for some personal style.

Unique Features

Customizable Knobs:

Where modern meets luxury – choose to add customizable brushed copper, brushed bronze, brushed black or brushed stainless knobs and make a bold statement with your kitchen design.

Versatile Burners:

Sear, fry and sauté on a 20,000 BTU triple ring burner that can be adjusted to fit small frying pans as well as large woks.

Stylish Backlit Knobs:

Give your kitchen a little extra sparkle with white LED knob lighting that turns on when the burners are on.

Quick and Easy Cleaning:

Keep your kitchen clean, even when there's a spill with sealed cooktop burners that contain messes for easy cleanup.

Product Description

This 30-inch Café five-in-one wall oven is not only stylish, but strikingly versatile. Interchangeable hardware (sold separately) and stunning finish options give you total control over the colour palette in your kitchen. Advantium technology uses the power of light to make foods brown evenly and cook fast, while retaining their natural moisture. Plus, this model combines five cooking technologies in one oven, that means you can create the show stopping results you get from a convection oven up to eight times faster. With this kind of flexibility in your kitchen, every meal is sure to impress.

30 inch smart 5-in-1 wall oven with Advantium technology - CSB923P4NW2

Unique Features

Unmatched Versatility:

Enjoy a whole new level of cooking flexibility with a single oven that can be used in five different ways. Use it as a Convection Oven, Microwave, Toaster Oven, Warming/Proofing Oven, and Precision Cook Oven with Advantium Technology.

Advantium Technology:

Advantium technology harnesses the power of light. The outside of the food is cooked like a conventional oven, with radiant heat produced by halogen bulbs above and below the food. This halogen-produced heat receives a boost of microwave energy.

Full-Colour LCD Display Screen:

Easily navigate the wall oven settings using a stunning full colour display that adds an unexpected touch of style to your kitchen.

Wi-Fi Connect:

Control your wall oven with your smart device or simply by using your voice with built-in Wi-Fi Connect.

Customizable Knobs and Handles:

Where modern style meets luxury materials – choose to add customizable brushed copper, brushed bronze, brushed black or brushed stainless knobs and handles and make a bold statement with your kitchen design.
