SAMSUNG

Samsung Front Control Slide-in Gas Range with Convection

6.0 cu. ft. Capacity

Installing Your Range

A: Cabinet opening 30"  
IMPORTANT: If your cabinets are over 37" high, you must install this range on a hard, heat-resistant support that raises the surface of the range so that it is about even with the countertop.

\*Side clearance above cooking surface to any objects, i.e., wall.

IMPORTANT: Consult with Installation Manual for detailed instructions before installing.  
All ranges must be installed with the Anti-Tip device that is included.

## Recommended Locations for Gas Piping and Electrical Outlets

Power Source  
120V/60Hz/20A

Total Power (BTU)  
57,500 BTU

### Black Enamel 5-Burner Cooktop

- Right Front: 17K BTU
- Left Front: 16K BTU
- Right Rear: 5K BTU

SAMSUNG

BESPOKE French Door Counter-Depth Refrigerator with AutoFill Water Pitcher  
24.0 cu. ft.

Installation Specifications

- 1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
- 2. Refer to illustration below to determine dimensions.
- 3. Allow 11 3/8" of clearance on hinge side of refrigerator when installing next to a wall where door may make contact.
- 4. Allow 2" minimum clearance at rear for proper air circulation and water/ electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
- 5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and to be able to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimension and cutout information is for planning purposes only. For complete installation details, consult manual packed with product, or download manual online at [samsung.com](http://samsung.com).
