Disclaimers and Notes

- 1) Colours of all materials are as close as possible to builder's selection, but not necessarily identical due to variances in manufacturing.
- 2) The selection images are digital photographs of the Vendor's samples at its Decor Centre. Such images when displayed on your computer monitor may not match Decor Centre samples due to the hardware/software configuration of the computer. In the event of conflict between selection images and the Décor Centre samples, Décor Centre samples shall prevail.
- 3) Any extras listed above are null and void unless accompanied by a separate invoice/amendment. Said invoice must be paid in full.
- 4) The Purchaser agrees that this colour selection is final and that no changes will be permitted, unless required by the Vendor.
- 5) The Purchaser acknowledges reading and accepting document which contains other miscellaneous disclaimers.

CUTOUT DIMENSIONS

- Niche depth assumes a 3/4" (19 mm) panel, please adjust according to custom panel thickness

CUTOUT DETAILS

- The electrical connection must not be positioned higher than 9" (228.6 mm) above the floor.

For All Freezers and Bottom Mount units only:

- The 1/4" (6.4 mm) plumbed water connection should not be positioned higher than 2" (50.8 mm) above the floor.

Notes:

In case of an emergency the electrical outlet and water shutoff must be easily accessible and must not be concealed behind the appliance.

Fully Integrated
36" MasterCool

ELECTRICAL AND WATER CONNECTION

(Water Connection For F 29x2 Vi & KF 29x2 Vi Only)

Rear View

Water Connection:

- 1/4" water line is required
- Located at the rear of the appliance on a 4' 11" line.
- 1/4" compression fitting, ready to accept 1/4" line.

Side View

Notes:

- In case of an emergency the electrical outlet and water shutoff must be easily accessible and must not be concealed behind the appliance.
- In the event that connection points are located behind the unit the electrical outlet and water connection should be located no higher than 9 5/8" from the floor.

PERFORMANCE

HEAT GUARD

ELICA'S EXCLUSIVE
PLUS FEATURES

Trento provides professional grade performance, while being discreetly mounted inside the cabinetry. It is available with a 600 CFM or 1200 CFM blower for extraordinary ventilating power. Plus the All-In-One design avoids the need to purchase a stainless liner. Hidden metallic in/out knob controls operate the 4-speed blower and LED lighting. A cleaner kitchen is ensured by Elica's patented angled baffle filters, which capture a higher percentage of contaminants and hold larger volumes of grease than traditional baffle filters.

PLUS FEATURES

HUSH SYSTEM - An exclusive sound deadening technology that effectively reduces sound levels by over 35%

LED CONSUMER REPLACEABLE BULB - High quality LED lighting usually requires a skilled technician to replace lamps. Avoid this expense with Elica's new LED lamps that enable homeowners to replace in seconds

SEAMLESS CRAFTSMANSHIP - Heavy gauge stainless steel "Seamless" construction that delivers refined elegance.

STAINLESS STEEL BAFFLE FILTERS WITH GREASE COLLECTORS - Designed for high airflow cooking, the "S" shape design traps high volumes of grease

PROFESSIONAL PERFORMANCE - Special features and high performances for models with aspiration capacity between 600 and 1200 CFM's

HEAT GUARD - Senses extreme temperatures (>158 degrees) and automatically adjusts the blower speed to HIGH
