We LOVE It!

We bought these after Thanksgiving and used them extensively during the Christmas-New Year's season and they were exceptional then and still are!

Heats up fast and easy to adjust temperature

I built a new house and picked all KitchenAid appliances. I read a lot of reviews on a variety of appliances but selected this line. I didn't go wrong. [This review was collected as part of a promotion.]

☒ Yes, I recommend this product.

36" Electric Cooktop

Bought (5) new KitchenAid major appliance for our new house. Wouldn't have settled for any other brand. Cooktop is sleek, easy to use, and very predictable with heat ranges. Awesome piece. [This review was collected as part of a promotion.]

☒ Yes, I recommend this product.

State of the Art in Looks and Function

It came time to replace our 30 year old 36 inch Kitchen Aid electric cook top that had served us beyond the call of duty. We reviewed on line and in store every conceivable replacement. The build and design quality, price and easy installation - - right in the same cut out of the old unit - made this unit a perfect choice. It has been all that we expected and more, sophisticated style and yet fun to use. [This review was collected as part of a promotion.]

☒ Yes, I recommend this product.

Overview

Model # WVV75UC6DS Store SKU # 1000809983

The time consuming ways of installing Whirlpool range hoods are now a thing of the past, thanks to the FIT system. No measuring, cutting or filler strips required. Once installed, enjoy the quiet operation of 4.5 Sones at the hood's highest speed. And when cooking introduces steam, grease, smoke and odours into the surrounding air, a 190 CFM fan takes care of it.

- 108K BTU threshold
- 190 CFM fan with two-speeds
- Three-speed hidden slide control
- Economy hood sound levels
- 3.25 inches x 10 inches damper
- Recirculation (non-vented/duct-free)

The worst

This is the worst dishwasher I have ever seen. We spent a fortune on this unit and still have to wash The dishes before loading them in.

It needs weekly preventative maintenance. Make sure there isn't even a grain of rice bc that stuff gets stuck in the sprayer arms. It's near impossible to get them completely clean.

Besides not getting dishes clean it takes hours to run

And now the slide mechanisms for the top and bottom racks have completely disintegrated spewing ball bearing all over the place.
