Exterior Colour Scheme:

Pre-selected By Vendor

NOTE: The Purchaser(s) agree(s) that:

- Colours of materials are as close as possible to Vendor's selections, but not necessarily identical due to variances in manufacturing or manufacturers.
- Purchaser(s) has checked and acknowledges accuracy of the above selections. Where omissions occur on the original colour selection sheet Purchaser(s) acknowledge that the Builder's selection will be final.
- Upgrades or extras listed on this schedule will not be deemed part of the Agreement of Purchase and Sale. Any such upgrades or extras shall be null and void unless accompanied by a separate invoice and amendment. Said invoice must be paid in full.
- The Purchaser(s) further agrees that in the event that the Vendor has preselected colours prior to the purchase of the house, the prescribed colours are final not withstanding that the Purchaser may have completed a colour selection schedule
- The Purchaser(s) Acknowledges that once this colour schedule is signed and dated, no changes, additions or deletions will be permitted other than re-selection due to unavailability.

A \$350.00 (Per Occurance) change/administration fee will apply to above exceptions.

This Interior Colour Selection is final and approved by:

## Highcastle Homes Décor Centre Disclaimers

Lot#: 13 Model: Elgin Elev A Opt 5 Bed in Riverwalk II - 2073737 Ontario Inc.

PURCHASERS: Kulwinder Kaur Deol and MANDEEP SINGH DEOL

TEL: RES.: 905-598-1018

*Through years of doing business, we at Highcastle Homes have encountered issues beyond our control. The following disclaimers apply to all instances of Purchaser's Extras forms and all Interior Colour Scheme forms.*

### Fireplaces

Fireplace Marble: Due to the many variables that can affect the pattern and/or design, frequently the marble installed on the fireplace will not be identical to the samples. We will make every attempt to come as close to the samples as possible, but cannot be responsible for results which differ from the samples.

### Ceramic Floor Tile

Many variables including variegation can affect tile colour, pattern and/or design which mean installed tiles may not be identical to the samples. We will make every attempt to come as close as possible, but cannot be responsible for results which differ from the samples.

### Hardwood Flooring

The purchaser is advised that cupping and shrinkage are characteristics of hardwood flooring normal appearing some time after installation, and no warranty is provided by the flooring supplier with respect to such cupping and shrinkage. The vendor agrees to install any hardwood flooring ordered by the purchaser in good and workmanlike manner, but shall not be responsible for, and is hereby released by the purchaser from responsibility and liability for cupping and shrinkage of hardwood flooring.

Shrinking and expanding/cupping of the hardwood floors may occur if the humidity levels in the home are not kept at industry recommendations. If the hardwood floors shrink or expand due to the homeowner not complying with these levels, the hardwood floor will no longer be under warranty and it will be the homeowner's responsibility to repair the flooring.

### Stain Colours

Due to many variables that can affect the outcome of a stain colour on wood, staircases, railings, and fireplaces, will not be identical to samples. Factors such as density, age humidity, air temperature, and the uniqueness of each piece of wood can result in wide variations in darkness or lightness. We will make every attempt to come as close to the sample as possible, but cannot be responsible for results which differ from the samples.

Stain on pre-finished hardwood floors will not be an exact match to the stain colours available on stairs, pickets and rails. The purchaser is responsible for choosing the stain on these areas to their satisfaction.

### Appliances

All fridge openings are set to builder's standard width. Please advise Décor Centre at time of colour appointment if custom sizing of cabinets is required for any built-in appliances. The purchaser is responsible for costs and fees associated with changes to pre-manufactured kitchens made subsequent to colour appointments.

### Kitchen Cabinets

The kitchen you order/purchase will undoubtedly contain slight colour variations. The degree of these variations is virtually impossible to determine before the kitchen is installed in its intended location. The amount of and type of lighting will also affect various highlights in the finish. Note: No two pieces of wood are identical. Variations in colour tone and grain patterns make a perfect colour match virtually impossible. It is generally agreed that these variations add to the natural beauty of a wood kitchen.

Shrinking and expanding of the kitchen cabinets may occur if the humidity levels in the home are not kept at industry recommendations. If the cabinets shrink or expand due to the homeowner not complying with these levels, the cabinets will no longer be under warranty and it will be the homeowner's responsibility to repair the cabinets.

### Plaster Mouldings and Medallions

Plaster mouldings will not be installed in open to above areas or areas with 2 storey elements.

### Metal Spindles

Due to the characteristics of wrought iron railing production, it is possible for the wrought iron to develop a scale effect. This scale may or may not be totally covered during the painting process. In effect, once the wrought iron picket is painted, the paint may in effect amplify the iron scale depending on the colour chosen. This is a natural effect of wrought iron and should not be construed as a defect or damage.

I hereby acknowledge reading and understanding the above copy and will not hold Highcastle Homes responsible for any issues in relation to above.

22.5 cu. ft. Counter Depth 4-Door Refrigerator with CoolSelect Plus

LOT 13  
Riverwalk II

## Features

- 4-Door Counter-Depth Design
- Large Capacity -- 22.5 cu. ft.
- CoolSelect Plus<sup>®</sup>
- Triple Cooling System
- Ice Master Ice Maker in the Refrigerator
- ENERGY STAR<sup>®</sup> Compliant
- High-Efficiency LED Lighting
- Stainless-Look Display
- Stainless Steel Accents on Interior Shelving and Door Bins
- Fingerprint-Resistant Coating
- Tempered Glass Spill-Proof Shelves
- Flip-Up Shelf
- Gallon Door Bins
- Two Clear Crispers

## Convenience

- Door Alarm
- Water Filter Indicator

Clean, Modern Design

Triple Cooling System

Available Colour:

Stainless Steel

## Signature Features

### CLEAN, MODERN DESIGN

- Artful and symmetric design expresses individuality.
- Beautifully appointed stainless steel body and interior trim.

### COUNTER DEPTH

- More capacity, smaller floor space.
- Our 22.5 cu. ft. capacity French Door has enough room to fit up to 22 bags of groceries.<sup>1</sup>
- Stylish counter-depth design allows for more workable space in the kitchen.

<sup>1</sup> Grocery comparison based on each cubic foot of usable space equalling one paper bag.

### COOLSELECT PLUS

- Versatile bottom-right door can be a fridge or freezer, maximizing fresh food storage space.
- Fresh food storage space available at 18.05 cu. ft., when CoolSelect Plus is used as a refrigerator.
- Four customizable temperature settings available: Freezer at -23°C -- -18°C, Soft Freeze at -5°C, Chill at -1°C and Cool at 5°C.

**Ranked "Highest in customer satisfaction with French Door refrigerators, in a tie."\***

22.5 cu. ft. Counter Depth 4-Door Refrigerator with CoolSelect Plus

## Installing Your Refrigerator

1. Measure the height, width and depth of the opening, making sure to include baseboards, moulding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 2" of clearance on hinge side of refrigerator when installing next to a wall where the handle may make contact.
4. Allow 1" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entry way in the home is wide enough for the refrigerator to be moved through easily.

Please note: The following dimension and cut-out information is for planning purposes only. For complete installation details consult manual packed with product, or download manual online at [samsung.com](http://samsung.com).

## Dimensions

## Total Capacity: 22.5 cu. ft.

### Refrigerator: 13.6 cu. ft.

- Premium External Filtered Water and Ice Dispenser (Crushed or Cubed Ice)
- Ice Master Ice Maker
- High-Efficiency LED Lighting
- 2 Clear Crispers
- 5 Tempered Glass Spill-Proof Shelves
  - 1 Slide-in & fold-up
  - 1 Flip-Up
  - 3 Fixed

### CoolSelect Plus: 4.45 cu. ft.

- 1 EZ Slide-Out Shelf
- 2 Drawers
- 4 Temperature Zones:
  - 5°C
  - -1°C
  - -5°C
  - -23°F – -18°F
- High-Efficiency LED Lighting

### Freezer: 4.45 cu. ft.

- 1 EZ Slide-Out Shelf
- 2 Freezer Drawers
- High-Efficiency LED Lighting

**SAMSUNG**

\*Samsung received the highest numerical score for French door refrigerators in a tie in the proprietary J.D. Power 2014 Kitchen Appliance Study™ Study based on 15,380 total responses measuring 10 French door refrigerators brands and measures opinions of consumers about their new appliance purchased in the past 24 months. Proprietary study results are based on experiences and perceptions of consumers surveyed in January-March 2014. Your experiences may vary. Visit [jdpower.com](http://jdpower.com).

Actual colour may vary. Design, specifications, and colour availability are subject to change without notice. Non-metric weights and measurements are approximate. Clearance requirements are the recommended minimum only. Check the regulations and codes in your area for any additional requirements.

# BUILT-IN OVEN SAFETY

## Your safety and the safety of others are very important.

We have provided many important safety messages in this manual and on your appliance. Always read and obey all safety messages.

This is the safety alert symbol.

This symbol alerts you to potential hazards that can kill or hurt you and others.

All safety messages will follow the safety alert symbol and either the word "DANGER" or "WARNING."

These words mean:

**DANGER**

You can be killed or seriously injured if you don't immediately follow instructions.

**WARNING**

You can be killed or seriously injured if you don't follow instructions.

All safety messages will tell you what the potential hazard is, tell you how to reduce the chance of injury, and tell you what can happen if the instructions are not followed.

## INSTALLATION REQUIREMENTS

### Tools and Parts

Gather the required tools and parts before starting installation. Read and follow the instructions provided with any tools listed here.

#### Tools Needed

- Phillips screwdriver
- Measuring tape
- Drill (for wall cabinet installations)
- 1/8" (3 mm) drill bit (for wall cabinet installations)
- Level
- Flat-blade screwdriver

#### Parts Needed

- (4) #8-14 x 1" screws
- (2) #8-18 x 3/8" screws - bottom vent included with built-in oven
- Bottom vent included with built-in oven

#### Parts Supplied

- Deflector bracket

- (2) Plastic spacers

- #8-18 x 1/4" screws - (2) for 27" (68.6 cm) models; (4) for 30" (76.2 cm) models - deflector bracket
- (4) #8-18 x 3/8" screws - oven feet
- (2) feet
- (2) front feet

2

### Location Requirements

**IMPORTANT:** Observe all governing codes and ordinances.

**NOTE:** Refer to the following "Location Requirements" and the "Location Requirements" section of the Installation Instructions provided with your built-in oven.

- Cabinet opening dimensions that are shown must be used. Given dimensions provide minimum clearance for the oven.
- The recessed installation area must provide complete enclosure around the recessed portion of the oven.
- The oven support surface must be solid, level and flush with the bottom of the cabinet cutout.
- The floor must be able to support a total weight (microwave and built-in oven) of 208 lbs (95 kg) for 27" (68.6 cm) models or 249 lbs (113 kg) for 30" (76.2 cm) models.

**IMPORTANT:** To avoid damage to your cabinets, check with your builder or cabinet supplier to make sure that the materials used will not discolor, delaminate or sustain other damage. This oven has been designed in accordance with the requirements of UL and CSA International and complies with the maximum allowable wood cabinet temperatures of 194°F (90°C).

#### Deflector Bracket Dimensions

**27" (68.6 cm) Models**

A. 26 1/16" (68.4 cm) overall width

**30" (76.2 cm) Models**

A. 29 1/16" (76.0 cm) overall width

Cabinet Dimensions - Flush Installations

A 25 3/8" (64.4 cm) minimum cutout depth is required.

These dimensions will result in a 1/4" (6 mm) reveal on the top, a 1/4" (6 mm) reveal on the sides, and a 1/8" (3 mm) reveal on the bottom of the wall oven.

The front face of the cleats and platform will be visible and should be treated as a finished surface.

Front View

Side View

27" (68.6 cm) Models

- A. 5/8" (16 mm) top cleat\*

g	Recommended gas supply line location		

\*Dimension can be reduced by 6" (15.2 cm) when bottom of wood or metal cabinet is covered by not less than ¼" (0.6 cm) flame retardant millboard covered with not less than No. 28 MSG sheet metal, 0.015" (0.4 mm) stainless steel, 0.024" (0.6 mm) aluminum or 0.020" (0.5 mm) copper. If installing a hood or microwave hood combination above the cooktop, follow the hood or microwave hood combination instructions for dimensional clearances above the cooking surface.

GAS REQUIREMENTS

Natural Gas

This cooktop is factory-set for use with natural gas.

LP Gas Conversion

Conversion must be done by a qualified service technician. To convert to LP gas, use an LP gas conversion kit.

ELECTRICAL REQUIREMENTS

120 volt, 60 Hz, AC only, 15-amp fused, electrical circuit is required. A time-delay fuse or dedicated circuit is recommended.

LOCATION REQUIREMENTS

- To ensure cooktop base clearance, cabinet side walls need to be wider than the cutout.
- If cabinet has a drawer, allow a 4" (10.2 cm) minimum clearance between countertop and top of drawer. Drawer depth may need to be shortened to avoid interfering with the regulator.

**IMPORTANT:** Dimensional specifications are provided for planning purposes only. Do not make any cutouts based on this information. Refer to the Installation Guide before selecting cabinetry, verifying electrical/gas connections, making cutouts or beginning installation. All Jenn-Air® appliances are appropriately UL, CUL or CSA approved.

LOT 13  
Riverwalk ii

**PRODUCT MODEL NUMBERS**

KVWB600D      KVWB606D

**Electrical:** A 120 volt, 60 Hz., AC only, 15-amp, fused electrical circuit is required.

**VENTING METHODS**

This canopy range hood is factory set for venting through the roof or through the wall.

A 6" (15.2 cm) round vent system is needed for installation (not included). The hood exhaust opening is 6" (15.2 cm) round.

**NOTE:** Flexible vent is not recommended. Flexible vent creates back pressure and air turbulence that greatly reduce performance.

Vent system can terminate either through the roof or wall. To vent through a wall, a 90° elbow is needed.

**Rear Discharge**

A 90° elbow may be installed immediately above the hood.

**For Non-Vented (Recirculating) Installations**

If it is not possible to vent cooking fumes and vapors to the outside, the hood can be used in the non-vented (recirculating) version, using a Recirculation Kit (which includes charcoal filters and a deflector). To order, see the "Assistance or Service" section.

**Roof Venting**

**Wall Venting**

**Non-Vented (Recirculating)**

A. Roof cap

B. 6" (15.2 cm) round vent

A. Wall cap

B. 6" (15.2 cm) round vent

A. Diverter

B. 6" (15.2 cm) round vent

**Calculating Vent System Length**

To calculate the length of the system you need, add the equivalent feet (meters) for each vent piece used in the system.

**Vent System**

**Vent Piece      6" (15.2 cm) Round**

45° elbow      2.5 ft (0.8 m)

90° elbow      5.0 ft (1.5 m)

Maximum equivalent vent length is 35 ft (10.7 m).

**Example Vent System**

The following example falls within the maximum recommended vent length of 35 ft (10.7 m).

1 - 90° elbow      = 5.0 ft (1.5 m)

1 - wall cap      = 0.0 ft (0.0 m)

8 ft (2.4 m) straight      = 8.0 ft (2.4 m)

Length of system      = 13.0 ft (3.9 m)

**PRODUCT DIMENSIONS**

\*For non-vented (recirculating) installations

\*\*For vented installations

CABINET DIMENSIONS

\*For non-vented (recirculating) installations

IMPORTANT:

Minimum distance "X": 24" (61.0 cm) from electric cooking surface.  
Minimum distance "X": 27" (68.6 cm) from gas cooking surfaces.  
Suggested maximum distance "X": 36" (91.4 cm)

The chimneys can be adjusted for different ceiling heights. See the following chart.

Vented Installations

	Min. ceiling height	Max. ceiling height
Electric cooking surface	7' 1" (2.16 m)	9' 2" (2.79 m)
Gas cooking surface	7' 4" (2.23 m)	9' 2" (2.79 m)

Non-vented (recirculating) Installations

	Min. ceiling height	Max. ceiling height
Electric cooking surface	7' 1" (2.16 m)	9' 6" (2.9 m)
Gas cooking surface	7' 4" (2.23 m)	9' 6" (2.9 m)

**\*NOTE:** The range hood chimneys are adjustable and designed to meet varying ceiling or soffit heights depending on the distance "X" between the bottom of the range hood and the cooking surface. For higher ceilings, a Chimney Extension Kit is available from your dealer or an authorized parts distributor. The chimney extension replaces the chimney shipped with the range hood. To order, see the "Assistance or Service" section.

LOT 13  
Riverwalk ii

**KitchenAid®**

FOR THE WAY IT'S MADE®

**Undercounter Dishwasher**

**PRODUCT MODEL NUMBERS**

KDFE204E, KDFE454C, KDTE104E, KDTE204E,  
KDTE254E, KDTM354E, KDTM384E, KDTM404E,  
KDTM504E, KDTM704E, KDTM804E

**Electrical Requirements:** 120-volt, 60 Hz, AC-only, 15- or 20-amp. fused electrical supply. Copper wire only. A time delay fuse or circuit breaker and separate circuit is recommended.

**If direct wiring dishwasher:** Use flexible, armored or nonmetallic, sheathed copper wire with grounding wire that meets the wiring requirements for your home and local codes and ordinances. Use a UL Listed or CSA Approved conduit connector.

**If connecting dishwasher with a power supply cord:** Use power supply cord kit (Part Number 4317824) marked for use with dishwashers. Follow the kit instructions for installing the power supply cord.

Power supply cord must plug into a grounded 3 prong outlet located in the cabinet next to the dishwasher opening. Outlet must meet all local codes and ordinances.

**Water Supply Requirements:** A hot water line with 20 to 120 psi (138 to 862 kPa) water pressure. Water temperature must be 120°F (49°C) water at dishwasher. Use 3/8" O.D. copper tubing with compression fitting or flexible braided water supply line

**Note:** 1/2" minimum plastic tubing is not recommended. Use a 90° elbow with 3/4" hose connection with rubber washer (Part Number W10273460). Do not solder within 6" (15.2 cm) from water inlet valve.

**Drain Requirements:** A new drain hose is supplied with your dishwasher. If this is not long enough, use a new drain hose with a maximum length of 12' (3.7 m) (Part Number 3385556) that meets all current AHAM/IAPMO test standards, is resistant to heat and detergent, and fits the 1" (2.5 cm) drain connector of the dishwasher.

Make sure to connect the drain hose to waste tee or disposer inlet above drain trap in house plumbing and 20" (50.8 cm) minimum above the floor. It is recommended

that the drain hose either be looped up and securely fastened to the underside of the counter or be connected to an air gap.

Make sure to use an air gap if the drain hose is connected to house plumbing lower than 20" (50.8 cm) above subfloor or floor.

Use 1/2" (1.3 cm) minimum I.D. drain line fittings.

If required, the air gap should be installed in accordance with the air gap installation instructions. When connecting the air gap, a rubber hose (not provided) will be needed to connect to the waste tee or disposer inlet.

**PRODUCT DIMENSIONS**

- A. Insulation may be compressed (not used on all models).
- B. For panel-ready models, dishwasher depth is 24" (60 cm) not including the 3/4" (1.9 cm) custom door panel.
- C. Door handles may protrude forward of the face of the dishwasher; varies by model.

CABINET CUTOUT DIMENSIONS

**NOTE:** Shaded areas of cabinet walls show where utility connections may be installed.

\*Measure from the lowest point on the underside of the countertop. May be reduced to 33½" (85.1 cm) be removing the rear leveling legs from dishwasher.

\*\*Minimum, measured from narrowest point of opening.
