 *Min. 24 9/16" (625 mm)

Safety clearances

⚠ WARNING

RISK OF FIRE

Grease deposits in the grease filter can catch fire. The given safety clearance must be observed to avoid heat buildup. Observe the specifications for your cooking appliance. If gas and electric cooktops are used together, the largest given clearance applies.

The appliance may only be installed directly next to a cabinet or wall on one side. The wall or cabinet clearance must be at least 2" (50 mm).

The clearance between the shelf on the cooktop and the bottom of the extractor hood may not be less than 24" (610 mm) in the case of electric cooktops and 30" (760 mm) in case of gas or combined ranges. If the installation instructions for the gas cooking appliance specify a larger distance, this must be taken into account.

Electrical cooktop

Gas cooktop

Fan operation

Note: Ventilation may not exit through an already operational smoke or exhaust chimney, nor a duct used for ventilating furnace installation areas.

- If the ventilation is intended to pass through a smoke or exhaust that is not in operation, the responsible area heating inspector must give approval.
- If the ventilation passes through an external wall, use a telescope wall sleeve.

Ventilation line

Note: The device manufacturer does not assume any warranty for complaints attributable to the pipe section.

- The ventilation opening and the exhaust air ducts must be made according to the local circumstances.
- The device achieves its optimum performance by means of a short, straight exhaust air pipe and as large a pipe diameter as possible.
- As a result of long rough exhaust air pipes, many pipe bends or too-small diameters, the optimum extraction performance is not achieved and fan noise is increased.
- The pipes or hoses for laying the exhaust air line must consist of non-combustible material.
- Smooth the connection area of the pipes before installation.
- Seal the connection points of the pipes appropriately.

CARVIN

30" Induction Slide-in Range

Benchmark™ Series – Stainless Steel HIIP054C

HIIP054U
Stainless Steel

The full-depth induction slide-in range is one of the few of its kind on the market, and offers a powerful cooktop and oven.

Features & Benefits

The new Bosch slide-in range fits in any freestanding range cutout.

Powerful 3,600 watts speeds cooking time.

Dampened hinges softly and quietly guide the SmoothClose door shut.

A full-extension telescopic rack offers safe access to the oven cavity.

The warming drawer keeps everything you cook warm and ready to serve.

Notes: All height, width and depth dimensions are shown in inches. Please refer to installation instructions prior to making cutout. BSH reserves the absolute and unrestricted right to change product materials and specifications, at any time, without notice. Consult the product's installation instructions for final dimensional data and other details. Applicable product warranty can be found in accompanying product literature or you may contact your account manager for further details.

Warranties: Bosch warrants that the Product is free from defects in materials and workmanship for a period of three hundred and sixty-five (365) days from the date of purchase. The foregoing timeline begins to run upon the date of purchase, and shall not be stalled, tolled, extended, or suspended, for any reason whatsoever. This Product is also warranted to be free from cosmetic defects in material and workmanship (such as scratches of stainless steel, paint/porcelain blemishes, chip, dents, or other damage to the finish of the Product) for a period of thirty (30) days from the date of purchase or closing date for new construction. This cosmetic warranty excludes slight colour variations due to inherent differences in painted and porcelain parts, as well as differences caused by kitchen lighting, product location, or other similar factors. This cosmetic warranty specifically excludes any display, floor, "As Is", or "E" stock appliances.

French Door Refrigerator

E23BC78IPS professional series

Electrolux

ICON

"Built-In Look" Cutout Dimensions

(A) 70 1/4" (B) 36" (C) 25"

Standard Refrigerator Depth vs. Counter Depth

Note: Optional Louvered Trim Kit and Collar Kit available for French Door Counter-Depth Refrigerator. For specifications, refer to Louvered Trim Kit (241723001) installation page or Collar Kit (ECK23CDS) installation page on web.

Counter-Depth French Door Refrigerator Specifications

- Product Weight = 338 Lbs.
- An electrical supply with grounded three-prong receptacle is required. The power supply circuit must be installed in accordance with current edition of National Electrical Code (NFPA 70) and local codes & ordinances.
- Voltage Rating = 120V/60Hz/15 or 20 Amps
- Connected Load (kW Rating) @ 120 Volts = 1.02kW
- Amps @ 120 Volts = 8.5 Amps
- Always consult local and national electric & plumbing codes.
- Floor should be level surface of hard material, capable of supporting fully loaded refrigerator.
- When installing refrigerator adjacent to wall, cabinet or other appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 120° to 180° door swing, providing complete drawer/crisper access and removal. (Absolute 4 1/2" minimum clearance will ONLY allow for 90° door swing which will provide drawer/crisper access with restricted removal.)
- To ensure optimum performance, avoid installing in direct sunlight or close proximity to range, dishwasher or other heat source.
- For proper ventilation, front grille MUST remain unobstructed.
- Recess electrical outlet when possible.
- Water recess on rear wall recommended to prevent water line damage.
- Water Pressure - Cold water line must provide between 30 per square inch (psi).

- Copper tubing with 1/4" O.D. recommended for water supply line with length equal to distance from rear of unit to household water supply line plus 7 additional feet. Optional Water Supply Installation Kits available.
- Adjustable front rollers to assist with door alignment.
- If optional Collar Kit (PN# ECK23CDS) is to be used, different cutout dimensions are required. (Refer to Collar Kit ECK23CDS Installation Specifications page on web.)
- If optional Louvered Trim Kit (PN# 241723001) is to be used, different cutout dimensions are required. (Refer to Louvered Trim Kit 241723001 Installation Specifications page on web.)

"Built-In Look" Specifications

- Minimum opening of 70-1/4" H x 36" W x 25" D required to allow for ease of installation, proper air circulation, and plumbing/electrical connections.
- Remove all wall/floor molding prior to installation.

Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxicon.ca for detailed instructions.

Optional Accessories

- Collar Kit - (PN# ECK23CDS).
- Louvered Trim Kit - (PN# 241723001).
- PureAdvantage® Water Filter Replacement Cartridge - (PN# EWF01).
- PureAdvantage® Air Filter Replacement Cartridge - (PN# EAF002).

Notes: All height, width and depth dimensions are shown in inches. BSH reserves the absolute and unrestricted right to change product materials and specifications, at any time, without notice. Consult the product's installation instructions for final dimensional data and other details prior to making cutout. Applicable product warranty can be found in accompanying product literature or you may contact your account manager for further details.

Warranties: Bosch warrants that the Product is free from defects in materials and workmanship for a period of three hundred and sixty-five (365) days from the date of purchase. The foregoing timeline begins to run upon the date of purchase, and shall not be stalled, tolled, extended, or suspended, for any reason whatsoever. This Product is also warranted to be free from cosmetic defects in material and workmanship (such as scratches of stainless steel, paint/porcelain blemishes, chip, dents, or other damage) to the finish of the Product, for a period of thirty (30) days from the date of purchase or closing date for new construction. This cosmetic warranty excludes slight color variations due to inherent differences in painted and porcelain parts, as well as differences caused by kitchen lighting, product location, or other similar factors. This cosmetic warranty specifically excludes any display, floor, "As Is", or "B" stock appliances.
