## New! Maytag® 6.2 cu. ft. Induction Range with Power Preheat

Stainless Steel | YMR8890AS

### Benefits

#### DEPENDABLE PERFORMANCE

##### Power Preheat your oven in 8 minutes!\*

This oven combines the power of the bake and broil elements, convection fan and power vents to preheat the oven in 8 minutes. Now you can spend less time cooking food and more time enjoying it.

\*Based on single rack baking.

##### Induction Power Centre

Electromagnetic technology heats the pan while the cooktop surface remains cool to the touch. Greater convenience and cleanliness as the food spilled on the cooktop surface will not burn on. The cooktop heats up and cools down quickly. Greater speed in cooking and frying as the pan is directly heated.

##### Induction 3,700-watt Speed Heat™ element

Induction cooking is an advanced cooking technology that uses electromagnetic energy to generate instant heat to the cookware. This provides faster heating times while using less energy than a conventional cooktop.

##### 10-year Limited Warranty\*\*

A 10-year limited parts warranty on the ceramic glass cooktop and oven cooktop elements ensure long-lasting performance. Plan on cooking everything from everyday meals to large family feasts for years to come.

\*\*See warranty for details.

#### DEPENDABLE DESIGN

##### Industry Leading 6.2 Cu. Ft. Capacity†

From everyday meals to large family feasts, count on the industry-leading 6.2 cu. ft. capacity to meet all your cooking needs.

†Among leading brand single cavity induction 30" (76.2cm) freestanding ranges.

##### Panoramic View Oven Window

Extra-large oven window provides better visibility of the oven interior, allowing you to monitor cooking progress without opening the door, keeping oven temperatures steady.

##### 3 Oven Racks (2 Standard - 1 Lower rack)

The Max Capacity oven rack is recessed to provide maximum cooking capacity, which is perfect for large items and holiday meals.

#### DEPENDABLE EFFICIENCY

##### AquaLift™ Self-clean Technology

Get your oven clean in less than an hour with odour-free, low

## NEW! Maytag® Jetclean® Plus Dishwasher with Stainless Steel Tub

Monochromatic Stainless Steel |  
MDB7749SBM

### Benefits

#### Dependable Design

10-year limited warranty on racks, stainless steel tub, and chopper\*  
Built strong to last long - the nylon racks, stainless steel tub and chopper blade are all backed by a 10-year limited parts warranty\*.  
\*See warranty for details

**Stainless Steel Interior**  
The 100% stainless steel tub not only looks great and resists corrosion, it also delivers premium drying performance by providing higher heat retention.

#### Dependable Performance

**Industry's Most Powerful Motor Available\***  
Each cycle blasts away tough soils for clean dishes the first time.  
\*Among leading brands

**4-Blade Stainless Steel Chopper**  
A 4-Blade stainless steel chopper pulverizes food, preventing particles from plugging the wash system and spray jets, providing optimal cleaning without the need to pre-rinse.

#### Dependable Efficiency

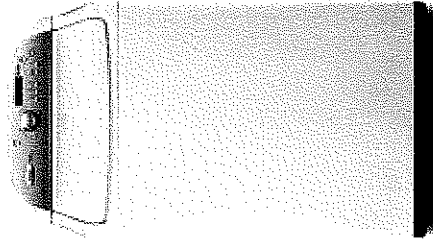

**ENERGY STAR® Qualified**  
ENERGY STAR® qualified dishwashers use less water and energy than standard models helping to save money on utility bills.

**Jetclean® Plus Steam wash system**  
Uses high-pressure spray jets to remove tough food particles. The filtration system captures tiny food particles to prevent redistribution during the cycle for optimal cleaning without the need to pre-rinse.

**Auto Clean Cycle**  
Gauges the soil level of the load, then automatically adjusts temperature, wash time and the number of fills accordingly. This helps achieve optimal cleaning without overusing resources.

Washers Dryers Combination Washer/Dryer Custom Laundry Options

White | WTW8200YW

## Benefits

### Whirlpool® 5.3 cu. ft. I.E.C.\* Cabrio® Platinum Top Load Washer with EcoBoost™ option

#### Advanced Moisture Sensing

Whirlpool brand's most advanced drying system uses built-in sensors to read temperature and moisture levels, so the drying cycle can end when everything is perfectly dry. This helps avoid over drying and shrinking while saving time and energy.

#### Eco Boost™ option

Uses a lower temperature and increases spin speed to provide excellent cleaning and reduce your overall energy use in the washer. In the dryer, this option saves energy by using less heat and an increased cycle time.

#### Unique Soft Touch Impeller

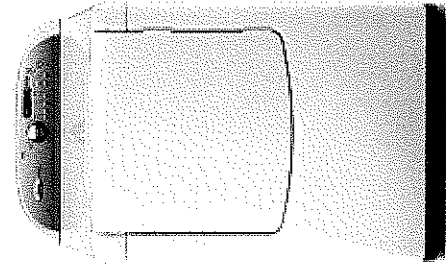

The unique soft-touch impeller helps move clothes gently through the water allowing the H2Low wash system to provide better cleaning performance and gentle fabric care. To protect fabrics and fibers during the wash cycle, a specially designed material fully wraps the impeller vanes.
