OVERVIEW + SPECS DESIGNER

A contemporary sculpture for the kitchen, Tilt's sextet of subtly angled panels meet in a tapered array to form a hinged range-hood canopy like no other. An upwardly mobile front panel lifts for convenient blower access without heavy lifting whenever cleaning or service is required. Dual halogen lamps provide the perfect accent to this powerful wall-mounted statement, clad in your choice of all-stainless steel or stainless underscored with a sleek, black powder coat.

Dependable Performance

Advanced Moisture Sensing
Maxima™ dryers use the Advanced Moisture Sensing system with three separate sensors, including moisture strips in the dryer drum, to evenly dry loads without over-drying to reduce the risk of shrinking.

Steam-enhanced dryer cycles
Effectively relaxes wrinkles and refreshes clothes with steam that penetrates fabric fibres. A guard inside the drum helps to protect fabrics from the spray nozzle.

SuperSize Capacity Plus
A 7.4 cu. ft. capacity drum in the VMED6000XG/SE6000X means you can dry more laundry in every load, reducing the number of loads washed each week.
