The personal information on this permit was collected pursuant to the Building Code Act 1992 and forms part of a public record open to inspection by any person upon request at the office of the C during normal office hours. See the *Municipal Freedom of Information and Protection Privacy Act*, R.S.O. 1990, c. M.56, s. 14 (1) c.

The person to whom this permit has been issued shall notify the Chief Building Official, the Plumbing Inspector, and the Hydro Inspector in advance of the stages of construction. Permission is included to dig, tunnel or bore into or under any part of a street, nor to occupy or obstruct any street side walk or other municipal property. To obtain permission to occupy the street or sidewalk du construction, present this permit at the office of the Clerk of the municipality.

The owner or owner's agent is responsible for the proper setting of grades for the structure, and may request assistance from the Building Inspector. Unless otherwise specifically so provided for approved in writing by the appropriate inspector, full compliance is required with all the provisions of the Building Code made under the Building Code Act, the Electrical Safety Code made under Power Corporation Act, and of any by-law of the municipality, which in whole or in part regulates structural requirements, erection, alteration, location, use, etc. of buildings. This permit is subject revocation in accordance with the above-cited authorities.
