38-08 ASHTON EL.A  
OPT. MAIN - 3 BATHS  
LOT 29

ELEVATION A  
**2370**  
SQUARE FEET

20729

the results of this and previous studies are subject to a number of caveats. All countries were not equally covered by the data, and the number of firms and employees in the sample was small. The data were also collected in a relatively short time period, and the results may not be generalizable to other countries or time periods.
