

SCHEDULE "A"

RATHWELL LANDING

Attached to and forming Part of this Agreement of Purchase and Sale for Builder's Lot/ Unit: 296
Plan 4M-1589, in the City of Ottawa, in the Province of Ontario (the "Real Property").

MUNICIPAL COVENANTS

I/We hereby acknowledge the following;

The owner agrees that all purchase and sale agreements for the whole or any part of a lot/block on the Plan of Subdivision shall contain the following clauses which shall be incorporated in all Transfers/Deeds from the Owner so that the clauses shall be covenants running with the lands for the benefit of the lands in the Subdivision:

1. The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that should damage be caused to any of the Works in this Subdivision by any action whatsoever on the part of the transferee, the General Manager, Planning, Infrastructure and Economic Development may serve notice to the Transferee to have the damage repaired and if such notification be without effect for a period of two clear days after such notice, the General Manager, Planning, Infrastructure and Economic Development may cause the damage to be repaired and shall recover the costs of the repair plus the Management Fee, under Section 427, of the *Municipal Act, 2001* in like manner as municipal taxes.
2. The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that he will not commence construction of any building unless,
 - a) a building permit has been issued;
 - b) all requirements with respect to underground Works, road base granulars and first lift of asphalt have been carried out on the Roads on which the subject lot fronts;
 - c) the road on which the subject lot fronts has been connected by Roads which are, at a minimum, at a similar stage of completion to the overall City Road network; and
 - d) the whole or such portion of the mass earth moving or general grading deemed necessary by the General Manager, Planning, Infrastructure and Economic Development has been completed and approved.
3. The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees to insert a clause in all agreements of purchase and sale requiring that the purchaser direct roof leaders and sump pump hoses to a sufficiently large pervious area, all of which shall be to the satisfaction of the General Manager, Planning, Infrastructure and Economic Development.
4. The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that the Transferee shall not alter the slope of the lands herein described nor interfere with any drains established on the said lands, except in accordance with the established final Grading and Drainage Plan, and with the written consent of the General Manager, Planning, Infrastructure and Economic Development. Furthermore, the Transferee shall maintain the approved grading and drainage plan, and any corrective Works to alter the grading to re-instate compliance with the approved drainage and lot grading plan must be completed within five days of a receipt of a written notice from the City of Ottawa or the City of Ottawa may complete the Works at the Transferee's expense.

Furthermore, the Transferee agrees that the City of Ottawa may enter upon the lands which are the subject matter of this Transfer/Deed for the purposes of inspection or restoration of the established Grading and Drainage Plan and the cost to the City of Ottawa in performing any restoration work shall be paid to the City of Ottawa by the owner of the lands upon which such restoration work was performed, such payments to be made within 30 days of demand therefore by the City of Ottawa and failing payment as aforesaid the cost shall be added to the tax roll as provided by Section 427 of the *Municipal Act 2001* and collected in like manner as municipal taxes.

5. The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, covenants and agrees that he will not plant poplar, alder, aspen, willow, elms which are subject to Dutch Elm disease, or maple trees of the fast growing variety (i.e. Silver and Manitoba) or other species as may be determined by the General Manager, Planning, Infrastructure and Economic Development within the lands to which this Transfer/Deed applies nor adjacent lands in the Transferee's ownership. Tree planting in proximity to buildings will be in accordance with the approved landscaping/ streetscaping plan, geotechnical report and the City of Ottawa's "Trees and Foundation Strategy in Areas of Sensitive Marine Clay" policy, where applicable.
6. The Transferee, for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees that "No Dumping" of any material (including snow, grass cuttings, construction debris and landscape waste) is permitted on vacant lots or on adjacent lands.
7. The Transferee for himself, his heirs, executors, administrators, successors and assigns, covenants and agrees that heat pumps, air-conditioning units, pool filters, sheds, and decks are building appurtenances and shall meet the minimum setback requirements established in the City of Ottawa's Zoning By-laws(s).
8. **Fences**
The Transferee for himself, his heirs, executors, administrators, successors and assigns acknowledges being advised that he must maintain all fences in good repair, including those as constructed by the developer along the boundary of his land, to the satisfaction of the General Manager, Planning, Infrastructure and Economic Development. The Transferee agrees to include this clause in any future purchase and sale agreements.
9. **Gates**
The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that gates accessing public property are not permitted in the fences.
10. **Proximity to Public Buildings/ Facilities**
The Transferee, for himself, his heirs, executors, administrators, successors and assigns acknowledges being advised that parkland within this Subdivision and/or already existing in the vicinity of the Subdivision may have:
- (i) active hard surface and soft surface recreational facilities;
 - (ii) active lighted sports fields;
 - (iii) recreation and leisure facilities;
 - (iv) potential community centre;
 - (v) library;
 - (vi) day care; and
 - (vii) other potential public buildings/facilities.
11. **Hartsmere Drive and Dalmation Way**
The Transferee, for himself, his heirs, executors, administrators, successors, and assigns, acknowledges being advised that Hartsmere Drive will not be constructed and Dalmation Way shall be closed to vehicular traffic, except for emergency vehicles, until such time as the east-west collector road, Parade Drive and Hickstead Way are constructed from Stittsville Main Street to connecting either Fernbank Road and/ or Shea Road through the Area 6 East Land (Davidson Lands).
12. **5 Metre No-Touch Zone**
The Transferee of Lots 214 to 221 for himself, his heirs, executors, administrators, successors and assigns acknowledges being advised that the rear five metres of his lot is a tree preservation and no-touch zone.

Notice to Purchasers

1. The Purchaser acknowledges having been advised of all development charges related to the lot/block he or she is purchasing including development charges already paid and development charges that may be payable in the future.
2. The purchaser acknowledges that a fire hydrant may be located or relocated at any time in front of any lot/block on the Plan of Subdivision to the satisfaction of the General Manager, Planning, Infrastructure and Economic Development.
3. The purchaser acknowledges that no driveway shall be located within 3.0m of a fire hydrant and that no objects, including vegetation shall be placed or planted within a 3.0m corridor between a fire hydrant and the curb, nor a 1.5m radius beside or behind a fire hydrant.
4. The Purchaser acknowledges that school accommodation pressures exist in the Ottawa-Carleton District School Board schools designated to serve this development, and that at the present time this problem is being addressed by the utilization of portable classrooms at local schools and/or by directing students to schools outside their community.
5. The purchaser acknowledges and agrees that the postal service may be delivered by way of community mailboxes, which shall be located to the satisfaction of Canada Post.
6. The purchaser of any lot or block fronting on a street in which a sidewalk is proposed to be installed acknowledges that he has been supplied with, and reviewed a plan showing the proposed locations, types, size and dimensions within the boulevard of any sidewalk abutting the said lot or block. The purchaser hereby acknowledges signing a copy of the said plan as confirmation that he has reviewed the plan and is aware of the contents of the plan. The said plan shall form part of the purchase and sale agreement. The purchaser further acknowledges that the information identified on the said plan is the proposed information in respect to the lot or block and is subject to change through the City's approval process.
7. The purchaser of any lot or block hereby acknowledges that he has been advised of:
 - (a) An approved Composite Utility Plan
 - (b) General plan of services required to be provided by the Owner pursuant to the Subdivision Agreement for the lot or block.
 - (c) The proposed location possible bus shelters and pads and paved passenger standing areas at bus stops.
 - (d) the proposed location for the community mailboxes within the Subdivision.
 - (e) the proposed driveway location.
 - (f) The proposed location of any streetlights, hydro transformers and utility pedestals abutting the lot.
 - (g) the proposed grading and drainage plan for the lot or block, and understands that it is the responsibility of the purchaser to maintain the proposed drainage patterns.
 - (h) The proposed location of the potential bus routes including temporary bus routes.
 - (i) The approved Official Plan designation for the Subdivision.
 - (j) The location and types of trees.
 - (k) The zoning of the existing development and potential development lands within the Subdivision and within two kilometres of the limits of the Subdivision.
8. The Purchaser further acknowledges and agrees not to install a pool or landscaping prior to Final Acceptance of grading by the City. The Purchaser acknowledges being advised that some of the rear yards within this subdivision are used for on-site storage of infrequent storm events. Pool installation and/or grading alterations on some of the lots may not be permitted and/or revisions to the approved Subdivision Stormwater Management Plan Report may be required to study the possibility of pool installation on any individual lot. The Purchaser acknowledges that he must obtain approval of the city of Ottawa's General Manager, Planning, Infrastructure and Economic Development prior to undertaking any grading alterations or installing a pool on any lot within this Subdivision. It is further acknowledged and agreed that a pool may not be permitted on all lots.
9. The purchaser further acknowledges that the information he has been advised of and described above is subject to change through the City's approval process.

10. **Infiltration of Stormwater**

The Purchaser acknowledges, that the grading of the subdivision and lots provides for the storage of stormwater for short periods of time during rainfall events to encourage infiltration of stormwater into the ground water table.

The Purchaser agrees not to alter the grade in the rear yard or install swimming pools which would interfere with this ponding and infiltration of stormwater. The Purchaser agrees to seek the advice and approval of the City prior to undertaking any grading alterations.

11. **Maintenance of Park and Stormwater Management Blocks**

The Purchaser acknowledges that although the park block and stormwater management blocks are located adjacent to one another, the function of each block differs significantly and so may the level of service associated with operation and maintenance, which shall include but not be limited to such things as grass cutting for the stormwater management block.

12. **Snow Removal**

The Transferee for himself, his heirs, executors, administrators, successors, and assigns acknowledges being advised that it is the Transferee's responsibility to remove snow and ice from the driveway portion of the City-owned boulevard. This obligation applies to City-owned boulevard located both in front of the Transferee's property and at the rear of the Transferee's property if there is a public lane adjacent thereto.

The Transferee covenants with the transferor that the above clause, verbatim, shall be included in all subsequent Agreements of Purchase and Sale and Deeds conveying the lands described herein, which covenant shall run with the said lands and is for the benefit of the owner of

13. The original colours as chosen by the Transferor for the architecturally controlled exterior house colour package may not be altered without the prior written consent of the Transferor for fifteen (15) years for the initial transfer of the property from the Transferor in order to maintain architectural consistency throughout the community.

14. The Designers and Builders of this Subdivision together with the City of Ottawa have developed a Conservation Handbook designed to provide the homeowners with information on the sensitive natural features in and around Rathwell Landing. The objective of this Conservation Handbook is to identify the natural features in your neighbourhood and to provide advice how homeowners can be good environmental stewards to ensure that these natural features remain healthy over the years to come. The Purchasers acknowledge receipt of this Handbook.

Prices, terms and specifications are subject to change without notice. E.O.E.

REV: January 14, 2020

The Purchaser acknowledges that:

1. Prices and specifications which do not form part of this Agreement are subject to change without notice at the sole discretion of the vendor.
2. The vendor may substitute materials of equal or greater value without consent.
3. The Vendor has the right to exercise full architectural control over exterior finishes and as such, the Vendor shall have final approval of all colour selections.
4. All colour and material selections are to be made from builder's standard samples unless otherwise paid for as an upgrade.
5. The vendor may, at his discretion, add brick to external sideyard walls to enhance the streetscape and/or to comply to municipal agreements.
6. The purchaser understands that all decorator items, furnishings, appliances, draperies, painted colour walls, and floors, wallpaper, panelling, alarm system, central air conditioning and eavestroughing found inside the model homes are for display purposes only and do not constitute standard items in the purchase price.
7. Service location, hot water tank and furnace location, basement wall height, specifications and material finishes may vary from model homes/plans.
- 8a. The number of steps required at entrances into the home may vary from the model home/plans depending on individual lot grading requirements.
- 8b. Purchaser acknowledges that exterior railings may be required at front and garage entrance stairs depending on individual lot grading.
9. Basement window wells may or may not be required depending upon individual lot grading requirements.
10. The purchaser understands that renderings and brochures are an artist's concept and that some variations may occur to the final finished product.
11. The Purchaser understands that vertical and horizontal chaseways, dropped ceilings and or bulkheads may be added or deleted in, but not limited to; kitchens, main floor living areas, finished basements, closets, pantries, laundry room, powder rooms, bathrooms and/or at wall and ceiling corners respectively in order to accommodate mechanical systems at the Vendor's discretion.
12. The Purchaser understands that all Multi Media locations are approximate and vary from chosen locations.
13. The purchaser understands that due to normal manufacturing production materials which are installed in their home may vary slightly in colour from the vendor's samples and/or model homes.
14. Due to the natural composition of such materials as Granite, Marble & some Quartz, inherent variations in texture, colour and consistency are to be expected and considered normal. As such, the Purchaser agrees not to hold the Vendor liable for such variations.
15. The wood used in the finishing products of your home such as wood flooring, cabinetry and railings exhibit natural variations in colour tone, graining pattern and consistency. As no two pieces of wood are identical, these natural variations will create colour variations upon staining thereby making it virtually impossible to achieve true colour consistency.
16. Any hardwood flooring installed in the Real Property is made of kiln-dried natural material which is subject to natural shrinkage (typically in winter when humidity levels tend to be low) and expansion (typically in summer when humidity levels tend to be high) for which the Purchaser(s) agrees is not the responsibility of the Vendor and agrees that the Vendor shall not be liable in respect of such issues. The Purchaser(s) also acknowledges being advised by the Vendor that ceramic tile rather than hardwood flooring is recommended at entry points to the home due to the possibility of water exposure. The Purchaser(s) is advised that the Ontario Building Code recommends against the installation of wood flooring in kitchens, bathrooms, entrance halls, laundry, and general storage areas (the "Designated Areas"). Wood flooring is water permeable and over time such flooring and sub-flooring beneath it could deteriorate if moisture persists. Should the Purchaser(s) selections for materials for the dwelling include wood flooring in the designated areas, the Purchaser(s) assumes the risks described herein voluntarily.
17. Zoning bylaws specify maximum driveway widths which are based upon frontages. A tapering of your driveway may be required depending upon the frontage and specifically if the frontage is less than average as in the case of a pie-shaped lot.
18. The grading and drainage of your lot has been designed and engineered to ensure that surface water is directed away from your home and into swales. These swales run at the side and rear of your property lines. Swales generally have more aggressive slopes relative to the general layout of your lot and will always occupy a portion of the useable space of your lot to serve their function properly.
19. Purchaser(s) acknowledge the requirement to install an approximate 3' x 3' landing with stairs at the garage entrance to the house as per OBC if more than 3 risers are required as a result of grading.
20. Purchaser(s) acknowledge that kitchen and bathroom ceramic wall border and or decorator insert tiles selected by the Purchaser(s) are installed at the discretion of the installation contractor unless specified otherwise by the Purchaser(s).
21. Purchaser(s) acknowledge that High Efficiency Washing machines have the potential to create vibrations due to the tub spinning at very high speeds.
