Attachments: SOHOpro P3000 MDE - Data Sheet.pdf; SOHOpro Line Card 2020_07.pdf

Hi Ariel , Tricia ,

See below cost from S&S for the Primex P3000K (multimedia box) that we need to purchase for the condo units in Deerfield .

The cost is \$ 131.00 each .

Please send a PO for a quantity of 12x \$131.00 for (block R) only , so S&S can order asap .

Tricia , can you add to S&S schedule C , condo (extra) or add the cost per (condo units) as a line item so they can include with their pricing / invoicing for the remaining 4 blocks .

Thank you

Roger Brunet

Hello Roger

I just got off the phone with the Primex director of sales Nikolay Todorav. Guillevin had recommended using the P3000KND as it is deeper and not much different in price however Nikolay tells me that this unit has not been approved by Bell and suggests we use the approved model P3000K which is slightly cheaper - \$131.00 ea

Subject: RE: Primex multi media panel P3000 c/w cover (30x14x4)

Hello Roger

The price for the P3000KND only is \$135.00/ea. This price does not include any components.

If you require pricing for any components such as phone module or cable splitter please identify the product on the Line Card PDF and we will get prices.

Let me know if you need anything else.

Good morning,

Did you had a chance to look into pricing on the cut sheet I gave you ?

Looking for pricing for quantity of 60 for Deerfield condos

Thanks

PRIMEX

Product Specifications

SOHOpro™ P3000

WiFi Transparent Media Panel

1. SUMMARY

The Primex SOHO Pro™ P3000 WiFi transparent media panel forms the centerpiece of the connected home. It provides a centralized distribution point for the components and services that make today's homes smart.

Its flexible design and selection of mounting systems provide a convenient, secure, enclosure for installing and distributing broadband and smart home services within residential premises.

Also available in 21", 42", and 63" sizes with narrow/deep options.

2. DIMENSIONS

Inside: H 30"/W 14"/D 4.0"

Outside: H 34.1"/W 19.5"/D 4.7"

3. FEATURES & BENEFITS

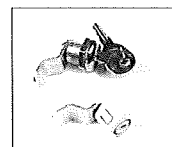

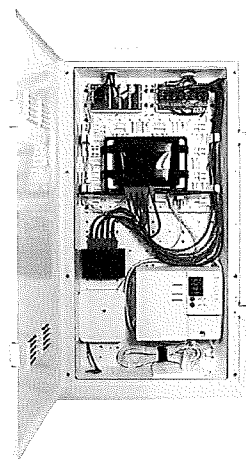

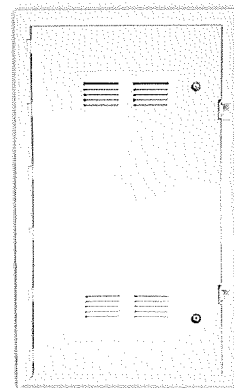

- WiFi transparent, engineered plastic delivers up to 15x more WiFi pass-through than metal alternatives.
- Large internal space for installation of active, passive, and cable management components.
- Standardized mounting hole pattern supports unique Primex Rail, Shelf, and Universal Mounting Systems for components.
- Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs.
- Lightweight design allows for easy transport and installation.
- Optional key or hex locks available for enhanced security.
- UL-compliant and fire-retardancy tested for heightened safety and durability.

*Enclosures should not be mounted in a fire-rated wall.
