Hi Alex,

I hope you are doing well!

I am still waiting on a purchase order from December for Rathwell lot 294, Model 1020. This model does not usually have an oak entry step but this one does. I do not believe it was issued. I have sent an email to Ian to confirm so that hopefully one can be issued.

Attached as well is a request for the month of January, along with the railing template for lot 266. As you can see (yellow highlighter), this lot required an oak wallmount railing to the basement and (2) extra pieces of nosing at the basement (there are 3 altogether at the basement area and 1 is already included in the contract).

If you need additional explanation, please let me know.

Thank you and have a great weekend!
Linda
