Due to a significant influx in order volumes and supply chain challenges resulting from COVID-19, we must advise that normal delivery dates and lead times on products manufactured and shipped from our Canadian and US facilities will be impacted. Increased lead times will remain in effect until such time as the supply chain across North America stabilizes.

We will do everything within our control to revert to standard lead times on all products as soon as possible. At this point there is no way of knowing how long these issues will remain. As the situation changes, we will bring you more detailed information.

We thank you in advance for your cooperation and patience as we work through these changing business conditions together.

It is the responsibility of the Builder/Purchaser to ensure that all windows and doors in the quote above are in accordance with, but not limited to, the following:

1. All current Zoning requirements.
2. All current Fire Regulations.
3. All current Building Standard Regulations, including, but not limited to, the Local Building code.

Gents,

At Lot 274 unfortunately a door frame got melted from winter porch heating and can't be fixed. I need a new frame but will swap out the door slab. Please send PO to Jeldwen ASAP to get it in production.

Thanks,
Ian

Hi Ian,

Attached is the quote you requested.

Complete new door system without the door slab.

Thank you,

Charles,

As per attached picture Lot 274 top of frame was melted due to overheating. I need to know if it can be repaired or does a new assembly without the door slab need to be ordered.

Thanks,
Ian

Hi Ian,

Attached is the costing for 2 additional 56x30 basement windows to replace those damaged on site.

Please have your office create a PO and I will get these ordered.

Thanks,

Kevin,

The 2-56x30 basement windows can be tagged to Lot 291

Thanks,
Ian
