Subject: RE: PST6 lots 1-4 construction heat

Good morning Justin,

So Mario's gas guys need to install temp thermostats and put the forms on.

Enbridge will come unlock the meters.

Then I will send a service tech to do a "construction commission" which is us turning the meters on so they can be used for construction heat.

As of right now, Valecraft has furnace and fireplace final commissions as part of the contracts, but any water heater or construction commission requests will need extra POs.

I will need 4 POs of 125\$+HST for the 4 lots below

Please make sure to send the POs to my billings team (they are cc'ed on this email chain now)

I have these booked for dec 2nd it is currently my earliest date, please ensure meters are unlocked, and that the forms and temp thermostats are there.

Thank you
