HEATRKIT20 - 13W @ 120V
Freedom® Heater Kit
When two appliances are installed side-by-side a sealing kit must be used. For combinations that involve a freestanding column, this kit is included. For all other (non-traditional, i.e. two wine columns, two bottom freezers, etc.) side-by-side combinations or instances where any appliances are installed less than 6-inches (152 mm) apart from one another but not connected side-by-side, purchase this kit. This kit is recommended for use with any installation in areas that are subject to humidity, or located next to an outside wall.

These warranties give you specific legal rights and you may have other rights that vary from state to state. Full warranty and limited warranty from date of installation. For complete warranty details, refer to your User's Guide & Care Manual or ask your dealer.

Specifications are for planning purposes only. Before installation, consult your countertop, wall or floor to make sure it meets the requirements for this product. Thermador is not responsible for products that are transported from the U.S. by air in Canada.
