[illegible]

It is the builder's complete responsibility to ensure that all plans submitted for approval fully comply with the Architectural Guidelines and all applicable regulations and requirements governing zoning provisions and city provisions in the subdivision agreement. The General Architect is not responsible in any way for examining or approving the (posting) plans, working drawings with respect to zoning, building code or permit matter or that any house can be brought built or checked on.

This is to certify that these plans come with the applicable Architectural Design Guidelines approved by the Township.
