### BLANCO CERANA Item No. 401428

## Authentic, Unique, Beautiful and Versatile.

- Apron sink
  Centre drain location
  3 1/2" (80mm) stainless steel strainer included
  No template or DXF file provided, recommend use sink for determining final cabinet and countertop

### Material / Colours

Item No. 401428

### Spec sheets/DXF

Scope of supply

Design tips

3 1/2" (90 mm) stainless steel strainer

Min. width of base cabinet: 840 mm

Bowl depth; 9 1/4" (235 mm)

A custom sink base and support system is required for installation of this sink.

The cabinet area beneath the sink MUST be reinforced to provide sufficient support.

A wood or metal support frame for the sink must support 400 bs (182 kg).

# 5 PIECE PAINT GRADE MAPLE DOOR ACKNOWLEDGEMENT WAIVER

degrees Celsius to -20 degrees Celsius between summer and winter it is inevitable for wood products to expand and Wood is a living product that is influenced by moisture content in the air. In Canada where the temperatures go from +30

develop surface cracks at the joints. Fiberboard is a synthetic man made wood product that is more stable and will not expand and contract and will never Fiberboard Door. You can ask your sales representative or décor consultant to show you the corresponding Fiberboard door. splitting (particularly at the joints). These cracks cannot be repaired without sanding down and repainting the door. For this the wood like the stain does and as a result when the wood expands and contracts it is evidenced by thin surface cracks or reason QTK Fine Cabinetry (QTK) offers the same doors styles that are offered in 5 Piece Paint Grade Maple in a 1 Piece happens to a painted door. A painted door has primer and paint on the SURFACE of the door. The paint does not penetrate When a door is stained the stain penetrates into the wood and although the door is subject to the same expansion and contraction as the seasons change, the expansion and contraction of the wood is not as visible as when the same thing

QTK recommends that you select a 1 piece Fiberboard Door of the same style

choice. Should you choose to ignore QTK's warning you also accept that QTK nor the builder or contractor will warrant or repair any cracks on the joints of any 5 Piece Paint Grade Maple Doors. As a result of your selection of a Paint Grade Maple 5 Piece door you must acknowledge the risks associated with your

surface cracks that may have been caused by the changing moisture conditions. hold QTK Fine Cabinetry or the builder/contractor liable for any repairs or replacement to the cabinet doors as a result of The Customer has ignored QTK's warning about the potential issues with 5 Piece Paint Grade Maple doors and agrees to not

# INTERIOR FINISHES ACKNOWLEDGEMENT / HARDWOOD WAIVER

Purchaser accepts and acknowledges that the Builder reserves the right to substitute materials with those of equal or better quality where the manufacture, scheduling or delivery of materials may directly impact the Builder's ability to meet its' contractual obligations under the Agreement of Purchase and Sale.

imperfections that may exist with the selection of natural stone materials and shall not hold the Vendor liable for cleaned with lemon oil or vinegar. **granite, quartz,** no two pieces are exactly the same. Variations in colour, tone, granularity (pitting, fissures) and PORCELAIN & NATURAL STONES: Due to the properties of natural stones including but not limited to marble are to be expected, including various lighting may affect the overall finished look. Stone should never be with lemon oil or vinegar. The purchaser acknowledges colour and product variations as well as natural

range (if applicable). It will also be where the length of the counter top exceeds the length of a stone slab. Slabs are usually approximately  $5' \times 8'$ . STONE COUNTERTOP JOINTS: Purchaser is aware that one joint will be at each corner and on either side of slide-in-

be identical to the materials installed in the home. of the finished product. Although every effort will be made to ensure the colours and materials selected are as close as possible to the samples, the purchaser acknowledges that the sample tiles supplied in the Design Centre may not CERAMIC TILES: Due to manufacturing, shade (dye lots), product variations may exist that can affect the overall look

to have an identical match and that there MAY be shade differences between the two products product. Factors including but not limited to wood type, knotting, graining, density, age, humidity, and air temperature can result in substantial variations in stain intensity. The purchaser accepts that although the Vendor will do their best to match stain the unfinished stairs as close as possible to the pre-finished floors, it is not possible Due to the natural properties of wood, many variables can affect the overall look of the finished

finished interior is upgraded. Due to building specifications and/or on-site conditions, certain cabinetry upgrades may not be possible. The purchaser acknowledges that the Builder cannot guarantee the cabinetry finish or highlight characteristics of cabinetry finish. All cabinets shall be finished with a white melamine interior box unless a provision of certain upgrades and shall not hold the Builder liable for provision of same. matching impossible. imperfections are all factors that may affect the overall look of the finished product. Such factors make exact colour includes Due to the natural properties of wood, slight variations apparent with cabinetry are to be expected but not limited to wood species, wood grain, colour, The type and intensity of lighting in the areas of designated cabinetry placement may also finish, product variations,

**UPGRADES/EXTRAS:** All upgrades and additional selections indicated on the colour chart must be accompanied by an upgrades/extras sheet (PES) and full payment otherwise the selection will be invalid. All colour charts and upgrades/extras will not proceed until verified and signed by an authorized signing officer at the Vendor's head office. **CHANGES WILL NOT BE PERMITTED UPON COMPLETION AND SUBMISSION OF THE COLOUR CHART.** 

factors that make exact colour matching impossible. The purchaser acknowledges that the hardwood flooring is a pre-finished product in a controlled environment. Expansion, compression and cupping are characteristics of Builder shall not be responsible nor held liable for minor variances of fluctuation in hardwood flooring materials. and despite the Builders' efforts to install the hardwood flooring materials in keeping with good workmanship, the hardwood flooring once installed in the home. The purchaser acknowledges these may become apparent over time finished product. HARDWOOD FLOORING: Variations include but not limited to wood type, colour/stain and wood grain are significant Due to the natural properties of wood, many variables can affect the overall look of the

HARDWOOD WAIVER:

I/We understand hardwood flooring is classified as a porous material and as such not recommended by the Builder splashed or spilled onto the floor and in contravention of Ontario Building Code Section 9.30.1.2(1). certain areas. I/We understand there is a concern due to possible water and other substances being frequently

resilient flooring, felted-synthetic-fibre floor coverings, concrete, terrazzo, ceramic tile, mastic or other types of "Finished flooring bathrooms, kitchens, public entrance halls, laundry & general storage areas shall consist o flooring providing similar degrees of water resistance

I/We are prepared to assume full responsibility for any damage caused to the hardwood floor or subfloor due to moisture absorbency in the mentioned areas, and agree to waive any claims against the Township of residence, \*\*SEE COLOUR CHART FOR LOCATIONS\*\*
