Castles 365

## Electrical connection

Make sure that the power to the machine is OFF before installing or performing maintenance or repairs. All electrical work should be performed by a qualified electrician in strict accordance with national and local safety regulations. Installation, repairs and other work by unqualified persons could be dangerous.

Verify that the voltage, load and circuit rating information found on the data plate match the household electrical supply. This data must match to prevent damage to the coffee system. If in doubt, consult a licensed electrician.

The necessary connection information is given on the data plate inside your appliance.

The coffee system comes equipped with a 6 ft (1.8 m) power cord with a NEMA 5-15P molded plug for connection to a 120 V, 15 A, 60 Hz power supply.

Do not connect the appliance to a power inverter or directly to power produced outside of the normal electrical grid (i.e. direct solar or wind power source).

Direct connection to such power sources can cause power surges and tripped breakers when the appliance is turned on, and could damage the appliance.

Do not connect the appliance to energy saving plugs or outlets. The reduction of power to the appliance caused by these devices will cause the appliance to run hot and may damage it and/or shorten its usable life.

If there is any question concerning the electrical connection of this appliance to your power supply, please consult a licensed electrician or contact Miele's Technical Service Department. See back page for contact information.

**WARNING:**

# ELECTRIC DRYERS

## Harness the Power of Steam

LG's **TrueSteam™ Technology** uses a steam generator to produce real steam right into in the dryer giving you unique cycle options that remove wrinkles, odours, static and allergens.

## The Quick Fix

Late for the party and no time to iron your favourite outfit? The **SteamFresh™ Cycle** refreshes and reduces wrinkles in up to five garments at a time with one 20-minute dryer cycle.

## Refresh and Sanitize

**SteamSanitary™ Cycle** refreshes and sanitizes dry items in the steam dryer. The SteamSanitary™ Cycle kills bacteria on your clothes and is great for decorative pillows and other non-washable items.

## Dry Big Loads

Accurately dry big and bulky loads with **7.4 cu.ft. ultra large capacity**. Less time in laundry room, more time for life.

## NFC Tag On

Easily change and customize cycles with a **simple tap of a smart phone app**. Can't find a cycle you need? There's an app for that. Your laundry just got a little bit smarter.

## Call, Connect, Resolve

**SmartDiagnosis™** uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

## Accurate Drying

LG's **Sensor Dry System** measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.

Castles 36s

### Fast Forward your Laundry

Tired of spending hours on end finishing your family's laundry? Now, those days are gone. LG's revolutionary TurboWash™ Technology allows you to save 20 minutes on larger loads, with outstanding cleaning performance! It's like pressing the fast forward button on your laundry.

### Deep Clean with Steam

LG Steam Technology penetrate fabric to remove soil and enhance cleaning results, it also removes common household allergens. The Allergiene™ cycle gently removes over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics. It's so effective it's certified by the Asthma Society of Canada (ASC).

### More Free Time

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The ultra large capacity (5.2 cu.ft.) washer lets you do more laundry in fewer loads. That's time well saved.

### Count On It

When you buy a washer, you don't want to worry that it won't last. Because the DirectDrive™ Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

### NFC Tag On

Easily change and customize cycles with a simple tap of a smart phone app. Can't find a cycle you need? There's an app for that. Your laundry just got a little bit smarter.

### Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

### All the Right Moves

With 6Motion™ Technology, each wash cycle combines up to 6 different wash motions to provide a revolutionary cleaning experience and ultimate fabric care.
