100%

Please Complete the following items:

DAI	Type	Issue		Appt. Date/Time	Notes
143724	Interval	Exterior- General- I do not have a tap in the rear garden. The reason is the copper pipe coming from the basement is behind the air conditioner. Thus either the air conditioner needs to move thus exposing the copper pipe allowing for a tap to be installed OR redirect the copper pipe to the right or left of the air conditioning unit NOT using an elbow to do so and not too close to the a/c unit			

Date Completed: _____

Homeowner Signature: _____
