WARNING To avoid risk of electrical shock, personal injury, or death:

- Before drilling into the wall, note where electrical outlets are and where electrical wire might be concealed behind the wall. **YOU COULD GET AN ELECTRICAL SHOCK if you contact electrical wire** with the drill bit.
- Locate and disconnect the power to any electrical circuits that could be affected by installing this oven.

IF YOU DO NOT DISCONNECT THE POWER, YOU COULD GET AN ELECTRICAL SHOCK.

WARNING To avoid personal injury, wear gloves when handling the metal parts. Parts are sharp and can cause cuts and abrasions.

1. Folding the underline of Template and match with the cabinet edge line, mark 6holes at bottom. (P1,2,3,4,7,8)
