Good Morning Katlyn & Vince,

A recap for everyone on this – the PDI is November 18.

- Homeowner paid to increase their island by 1 foot, and received this
- The island has been built with the additional 1 foot of cabinet and countertop space
- Homeowner assumed that there would be “5” doors on the back of the island where it was extended, as show in their kitchen drawing and wanted it changed
- The island is built with the increase of 1 foot, BUT to be more aesthetically pleasing and to have a better use of cabinet storage, the door widths at the back were increased and the island has 4 larger doors
- **Homeowner has accepted the island “as built”**
 - With that – we have agreed to change all the bathroom handles (2nd floor baths, powder & laundry) to H800G-GOLD
- Below is a SIGNED OFF form accepting the island “as built” in the house right now – with 4 doors (not 5) along with the handle change

Please keep this for your records.

If you have any questions, let me know.

Thank you,
Simone
