9-12

Hi Robert,

The homeowner called me last week to let us know. I spoke to Katlyn and the homeowner together on the phone and she said she was looking into.

The hood fan opening is 20.5 and the specs shows 22 inches./

The work order was not sent yet because no one got back to me regarding the cut-out issue on your end. This morning, my understanding is you or Andrew were going to make contact.

Giselle will issue a work order tomorrow when she is back in the office.

Thank you,
Simone

Hi Simone and Robert,

Robert is saying there is no work order for hood issue.

We need to fix this issue asap as cold is coming in

Simone@ why is not the work order send yet

Regards,
Anjali
