Cut plug out

Robert see below. Can you send someone to cut this plug out or well have to back charge and provide a PO to Dart. Kitchen was built over plug for microwave

Chris has been there within the month. Chris has notified me that the plug is buried behind the kitchen cabinet. So either we will have to add another one for a PO or the kitchen company can cut out the plug.

Please advise.

Thank you

Nicholas Paldino M.E

Hi Nicholas

Did you book this yet? it has been over a month he cannot use his microwave
