Importance: High

Good Morning William and Paola,

Hope all is well.

I am sorry but I have been information that the floor tiles in the shared bathrooms have been discontinued and need to be reselected. I do have a recommended replacement, which is an upgrade, but no additional cost to you – please see pictures below.

The first picture is your original beside the replacement.

The second picture is your existing wall tile beside the replacement so you can see that it works together.

Please review and let me know if we can proceed. Thank you,

Original floor tile – Loft anthracite (left)

Replacement floor tile – Dolomina Black (right) ✓

APPLIANCE ACKNOWLEDGEMENT

CONTACT: Wayne @ Coast Appliances (905) 303-6909 / 1748 Creditstone, Unit 1, Concord

► Appliance Specs are DUE 2 WEEKS FROM SIGNED DATE OF COLOUR CHART (if not received during appointment)

Specs that require changes/modifications after this date will not be accepted

► NOTE: Any upgraded appliances are to be paid by the Purchaser, directly to the appliances company.

► Additional charges to the Purchaser may apply for cabinetry, electrical and plumbing in order to accommodate the specs given by the homeowner.

► It is the Purchaser's responsibility to coordinate delivery, installation and hook up of appliances and to ensure they are installed as per

Manufacturers specifications after closing.

► Standard appliance openings are approximate and the minimum required. Sizes may vary due to onsite condition and/or when modifications have been made to the cabinetry.

STANDARD OPENINGS ACKNOWLEDGED BY PURCHASER:

INITIAL

Fridge Opening	► 36" X 74"	**Size is (+/-) & space above the fridge is required due to proper air flow
Stove Opening	► 30"	
Hood Fan Opening	► 30"	
Hood Fan Vent	► 6"	
Dishwasher Opening	► 24"	

Upgrade Specs to follow

UPGRADED APPLIANCES BELOW (check applicable)

It is the Purchaser's responsibility to provide Zancor Homes with the correct specification for each appliance that has been upgraded. Zancor Homes will not be responsible for appliance requirements based on upgrades if specs have not been provided to the builder.

** Any upgrades checked in this appliance form must be accompanied with specs provided by the Purchaser.

**It is the responsibility of the trade to inform the Builder of any discrepancies with specs, sketches, extras and/or colour chart PRIOR to production/installation.

221 North Rivermede Road, Concord, Ontario L4K 3N7 * T: (905) 738.7010 F: (905) 738.5948

INTERIOR FINISHES ACKNOWLEDGEMENT / WAIVER

Purchaser accepts and acknowledges that the Builder reserves the right to substitute materials with those of equal or better quality where the manufacture, scheduling or delivery of materials may directly impact the Builder's ability to meet its contractual obligations under the Agreement of Purchase and Sale.

UPGRADES/EXTRAS: All upgrades and additional selections indicated on the colour chart must be accompanied by an upgrades/extras sheet (PES) and full payment otherwise the selection will be invalid. All colour charts and upgrades/extras will not proceed until verified and signed by an authorized signing officer at the Vendor's head office. **CHANGES WILL NOT BE PERMITTED UPON COMPLETION AND SUBMISSION OF THE COLOUR CHART.**

PORCELAIN & NATURAL STONES: Due to the properties of natural stones including but not limited to **marble, granite, quartz**, no two pieces are exactly the same. Variations in colour, tone, granularity (pitting, fissures) and pattern are to be expected, including various lighting may affect the overall finished look. Stone tops are sealed at time of installation and should never be cleaned with lemon oil or vinegar. Stones are porous materials, therefore any spilled substance require immediate attention. Stone countertops require regular seal re-application as part of home maintenance. Purchaser acknowledges colour and product variations as well as natural imperfections may exist with the selection of natural stone materials and shall not hold the Vendor liable for provision of same.

STONE COUNTERTOP JOINTS: Purchaser is aware that one joint will be at each corner and on either side of slide-in-range (if applicable). It will also be where the length of the counter top exceeds the length of a stone slab. Slabs are usually approximately 5'x 8'.

CERAMIC TILES: Due to manufacturing, shade (dye lots), product variations may exist that can affect the overall look of the finished product. Although every effort will be made to ensure the colours and materials selected are as close as possible to the samples, the purchaser acknowledges that the sample tiles supplied in the Design Centre may not be identical to the materials installed in the home.

STAIR STAINS: Due to the natural properties of wood, many variables can affect the overall look of the finished product. Factors including but not limited to wood type, knotting, graining, density, age, humidity, and air temperature can result in substantial variations in stain intensity. The purchaser accepts that although the Vendor will do their best to match stain the unfinished stairs as close as possible to the pre-finished floors, it is not possible to have an identical match and that there MAY be shade differences between the two products.

CABINETRY: Due to the natural properties of wood, slight variations apparent with cabinetry are to be expected. This includes but not limited to wood species, wood grain, colour, finish, product variations, and natural imperfections are all factors that may affect the overall look of the finished product. Such factors make exact colour matching impossible. The type and intensity of lighting in the areas of designated cabinetry placement may also highlight characteristics of cabinetry finish. All cabinets shall be finished with a white melamine interior box unless a finished interior is upgraded. Due to building specifications and/or on-site conditions, certain cabinetry upgrades may not be possible. The purchaser acknowledges that the Builder cannot guarantee the cabinetry finish or provision of certain upgrades and shall not hold the Builder liable for provision of same.

UPGRADES/EXTRAS: All upgrades and additional selections indicated on the colour chart must be accompanied by an upgrades/extras sheet (PES) and full payment otherwise the selection will be invalid. All colour charts and upgrades/extras will not proceed until verified and signed by an authorized signing officer at the Vendor's head office. **CHANGES WILL NOT BE PERMITTED UPON COMPLETION AND SUBMISSION OF THE COLOUR CHART.**

HARDWOOD / LAMINATE FLOORING: Due to the properties of wood and laminate, many variables can affect the overall look of the finished product. Variations include but not limited to wood type or laminate finish, colour/stain and wood grain are significant factors that make exact colour matching impossible. The purchaser acknowledges that the hardwood flooring is a pre-finished product in a controlled environment. Expansion, compression and cupping are characteristics of hardwood flooring once installed in the home. The purchaser acknowledges these may become apparent over time and despite the Builders' efforts to install the hardwood flooring materials in keeping with good workmanship, the Builder shall not be responsible nor held liable for minor variances of fluctuation in hardwood flooring materials.

HARDWOOD / LAMINATE WAIVER:

I/We understand hardwood flooring is classified as a porous material and as such not recommended by the Builder in certain areas. I/We understand there is a concern due to possible water and other substances being frequently splashed or spilled onto the floor and in contravention of Ontario Building Code Section 9.30.1.2(1).

"Finished flooring bathrooms, kitchens, public entrance halls, laundry & general storage areas shall consist of resilient flooring, felted-synthetic-fibre floor coverings, concrete, terrazzo, ceramic tile, mastic or other types of flooring providing similar degrees of water resistance.

I/We are prepared to assume full responsibility for any damage caused to the hardwood floor or subfloor due to moisture absorbency in the mentioned areas, and agree to waive any claims against the Township of residence, TARION and/or the Builder in relation to the matter. ****SEE COLOUR CHART FOR LOCATIONS****

LOT 345W

Simone Walker

From: Wayne Wanamaker <wwanamaker@coastappliances.com>
Sent: December 16, 2021 3:46 PM
To: Simone Walker
Cc: 'Guillaume Coeur'
Subject: Lot 345W Innisfil appliances specs
Attachments: 18 inch freezer.pdf; 36 inch dual fuel range.pdf; 36 inch fridge.pdf; Avanti WCF154S3SD wine fridge.pdf; DWHD650W/FP.pdf; MC30WP speed oven.pdf; ph36hs.pdf; WFW6620HC-specsheet-EN (1).pdf; VWED6620HC-specsheet-EN.pdf

Hello Simone, I finalized the appliance upgrade package for Lot 345W today. Here are the specs for all of the appliances. Also here are some notes for your consideration and please if you have any questions please contact me.
* Fridge and freezer columns- the Thermador handles are ordered for these 2 pieces. The purchaser is doing cabinetry panels for them
* Hood fan- this is an under cabinet style so they will require a cabinet above the hood.

Thanks
Wayne

Freedom® Heater Kit
When two appliances are installed side-by-side a sealing kit must be used. For combinations that involve a freezer column, this sealing kit is included. For all other (non-traditional, i.e. two wine columns, two bottom freezers, etc.) side-by-side combinations or instances where any appliances are installed less than 6-inches (152 mm) apart from one another but not connected side-by-side, purchase this kit. This kit is recommended for use with any installation in areas that are subject to humidity or located next to an outside wall.

HANDLES

Choose between two options:

PR36HNDL20

36-Inch Professional Series Handle

or

MS36HNDL20

36-Inch Masterpiece® Series Handle

FRAMEKIT10

Freedom® Frame Kit
For any custom column installation in 24-inch deep cutouts. With two metal side trims whose placement between the interior cutout wall and the appliance helps overcome the challenge of unfinished cabinet returns.

These warranties give you specific legal rights and you may have other rights that vary from state to state. Limited warranty from date of purchase. For complete warranty details, refer to your Use & Care manual, or ask your dealer.

Specifications are for planning purposes only. Refer to installation instructions and consult your countertop supplier prior to making counter opening. Consult with a heating and ventilation engineer for your specific ventilation requirements. For the most detailed information, refer to installation instructions accompanying product or write to Thermador indicating the model number. Specifications are correct at time of printing. Thermador reserves the right to change product specifications or design without notice. Some models are certified for use in Canada. Thermador is not responsible for products that are transported from the U.S. for use in Canada.

INSTALLATION INSTRUCTIONS

➤ BEFORE USING YOUR WINE CHILLER

- Remove the exterior and interior packing.
- Check to be sure you have all of the following parts:

1	Instruction Manual
	Large Shelves Model: WCF165SS3SS – Total 14 Model: WCF154S3SD – Total 13 Model: WCF143S3ST – Total 12
1	Short Shelf
1 Set	Hinges for Door Swing Reversal
1	Stainless Steel Handle

- Before connecting this appliance to the power source, let it stand upright for approximately 2 hours. This will reduce the possibility of a malfunction in the cooling system from handling during transportation.
- Clean the interior surface with lukewarm water using a soft cloth.

➤ INSTALLATION OF YOUR WINE CHILLER

- This appliance is designed to be for free standing installation or built-in (fully recessed).
- Place your Wine Chiller on a floor that is strong enough to support it when it is fully loaded. To level your Wine Chiller, adjust the front leveling legs at the bottom of the Wine Chiller.
- Locate the Wine Chiller away from direct sunlight and sources of heat (stove, heater, radiator, etc.). Direct sunlight may affect the acrylic coating and heat sources may increase electrical consumption. Extreme cold ambient temperatures may also cause the unit not to perform properly.
- Avoid locating the unit in moist areas.
- Plug the Wine Chiller into an exclusive, properly installed-grounded wall outlet. Do not under any circumstances cut or remove the third (ground) prong from the power cord. Any questions concerning power and/or grounding should be directed toward a certified electrician or an authorized Avant! Products service center.

➤ BUILT – IN CABINET INSTRUCTIONS

This unit is designed for both built-in or free standing installation. If you plan to use this unit in a built-in application, please follow the requirements shown below.

Dimensions		
	Unit	Minimum Cabinet Opening
Width	23 1/2"	24"
Depth (without handle)	26 3/4"	26"
Height	70 3/4"	71"

Care is being flexible. That's why we help you do laundry in a way that fits your needs. Clothes are ready to wear thanks to the Steam Refresh cycle. It releases wrinkles and reduces odors without rewashing. Using water and a little heat, items that don't need to be rewashed are ready to wear in no time. Help keep wrinkles from setting into clean, dry fabrics. The Wrinkle Shield™ Plus option with Steam uses tumbling and steam for up to 150 minutes after the cycle ends or until you open the dryer door for improved wrinkle-fighting performance.
