

Hi Gisella,

Can feel the crack from inside.

Best Regards,

Kiel

Importance: High

Also a crack in the window maybe sure to change in weather

This is where the water is leaking through when in rains- may be condensation.

Hello,

Thank you for your email. Please see my notes in red.

There are several issues with house some serious and some less serious

- 1-When it rain there is water leakage coming from the outside from the window on the hallway – **could you send me a photo of this?**
- 2-switch outlets in all the bathrooms are not working m- maybe just be the breaker – **did you reset the breaker and GFI?**

Thanks,
