Importance: High

Good Afternoon,

Hope all is well.

I have been informed that the hardwood (STURGEON OAK) that you chose from your home has been discontinued and needs to be reselected.

We do have a recommended option called SHALE OAK. Below are the pictures to compare.

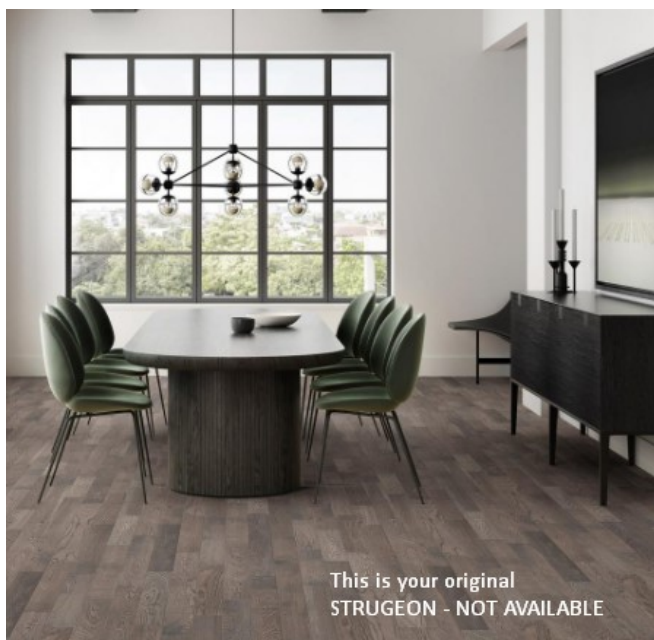

Also, I have been advised that the 2 x 4 oriental white shower floor tile that has been selected is not available.

However, we do have the **3 x 6** oriental white that **is available – this is the same material, larger size.**

2x4				

3x6				

We will be proceeding with the selected provided, **please reply to confirm that you received this email or if you have any questions.**

Thank you,

Simone Walker
