Hey,

Please see below. This is for: D397473

Not sure why the side elevation bed 2 window on line: 30 has grilles...?

Please create a SWO to have the glass changed to clear, master change and let me know if we have shipped any other of these models (with the grilles in the bed 2 window).

Thanks,

Hey Mat,

The side window in bed 2 currently has mullions, I'm pretty sure it should just be clear. Please confirm and have corrected.

Thank you,

Austin Kelly
